STRIKE OF PLAYERS AVERTED

Kraft Case Settled by Owner Ebbetts of the Brooklyn Nationals

GOES TO NEWARK TEAM

Will Receive All Back Salary and Will Not Have to Accept Cut—Victory For The Baseball Players' Fraternity—Everybody Satisfied.

(ASSOCIATED PRESS TELEGRAM) New York, July 21.—There will be no strike of baseball players in the two major leagues. The Kraft case, basis for a strike order issued yesterday by the baseball players' fraternity, was settled today by the Newark Internationals agreeing to buy Nashville's interest in Kraft.

Announcement to this effect was made this afternoon by Charles H. Ebbetts, owner of the Brooklyn Nationals and a large stockholder in the Newark International league club. At the time of Mr. Ebbetts' announcement the American league magnates were in session having been called together by President Johnson to determine upon a course of action in case the players in the two major leagues should obey the strike order.

Mr. Ebbetts announced that Nashville had signified its acceptance of Newark's proposal and that Kraft would report to the Newark team at Providence tomorrow. Kraft has been under suspension for more than five weeks, ever since his refusal to report to the Nashville club.

In settlement of claims on Kraft the Nashville club is to receive \$2500, Mr. Ebbetts announced.

"I made this arrangement without either request or instructions from either the American or National league," Mr. Ebbetts said. "I acted entirely upon my own responsibility. I have not been in communication with Dave Fultz either. Doubtless, however, he as well as everybody else, will be pleased with this settlement of the situation."

Mr. Ebbetts was asked if the National league had "backed down." "No," he replied. "If anybody has backed down, I have. I accept the responsibility for the whole thing."

"Kraft will not suffer in any way financially," Mr. Ebbetts continued. "He will be paid his Newark club salary of \$450 a month (\$150 more than the Nashville club was permitted to pay him) for the entire time that he was under suspension and for the rest of the life of his contract."

"I settled the case myself because I did not want to see trouble between organized baseball and its players," Mr. Ebbetts said. "It seemed to me that this was the simplest and easiest way out of the difficulty—for Newark to buy Nashville's interest in the player. Of course, I realize that this settlement will be construed practically as a victory for the fraternity inasmuch as they got everything they asked for."

David L. Fultz, president of the Baseball Players' Fraternity, expressed gratification at the outcome of the case.

"If the purchase is a bonafide one and the Newark club intends to use Kraft, we are satisfied," he said. "So far as we are concerned, under these conditions, the incident is ended."

While the American league was still in session, Ban-D. Johnson was informed of the settlement of the case.

"That's up to Ebbetts," he said. "It's his business, not mine. I don't see where the American league was involved in the controversy anyhow."

All that Mr. Ebbetts would add to his previous statement was: "I will accept all the blame. I am the dead one."

CONDITION OF HARRY ROSSEL IS IMPROVED

At two o'clock this afternoon one of the attending physicians of Mr. Harry Roszel, soon after leaving his bedside, stated that his condition showed marked improvement over that of the two previous days, and while he would not say the patient was out of danger, indications were favorable that he might recover.

This will be good news to Mr. Roszel's friends who had at given up hope that he would be able to throw off the attack of bloodpoison which had seized upon him so tenaciously.

Lieut. John Cyril Porte, Who Proposes Flying Across the Atlantic

Undismayed by the long string of aviation casualties, Lieut. Porte, of the Royal Naval Flying Corps of Great Britain, as the first pilot of the proposed trans-Atlantic airship financed by Rodman Wana-maker under the auspices of the Aero Club of America, is figuring his plans for the hitherto unaccomplished flight across the Atlantic Ocean. Satisfied that the trans-Atlantic flyer America, is nearing perfection, Lieut. J. C. Porte, her skipper, has set August 19 as the date for starting the across-the-ocean flight. The airship will be shipped to Newfoundland on August 1, arriving there August 5. Before the flight is started many trials of the new type of sea-land bottom, recently constructed for the America, will be made.

Geo. B. Sprague Tells of Advantages to be Gained By New Interurban Station

George B. Sprague, whose North Park Place property is now occupied by the Ohio Electric company, and who has just leased the property formerly occupied by William L. Prout, east of the Warden Hotel, to the railway company for a freight and passenger station, said Tuesday that the street car company's lease on the north side property will not expire until next April, though it is possible that the new station will be built and occupied before that time. Mr. Sprague has made no arrangements for the future occupancy of the room now used as the passenger station.

The Newark Theatre company bought a part of the Prout property some time ago and announced that a Keith vaudeville theatre would be built there. Speaking of the transaction Tuesday Mr. Sprague said to the Advocate:

"The theatre company having given up its project of building a play house on the Prout property has resold it and the property has been leased to the Ohio Electric Railway company, which has been granted a franchise to occupy it. This lease has been executed and the long mooted question as to a passenger and freight station for the Ohio Electric is at last settled. Not being a railroad man, it is difficult for me to make clear the advantages which the public will enjoy through this move, but as matters develop these advantages will be found to be far reaching and the change will no doubt prove highly beneficial. The North Fourth street

TAKE PASTOR BACK TO HIS DETROIT HOME

(ASSOCIATED PRESS TELEGRAM) Milwaukee, Wis., July 21.—Rev. Louis R. Patmont, a temperance lecturer, who disappeared from Detroit more than a month ago and was found at Rib Lake, Wis., on Saturday passed through Rugby Junction today enroute to Detroit.

Patmont is accompanied by Rev. Claude F. Witte and A. Y. Malcolmson, of Detroit.

It is planned to place Patmont in a sanitarium at Detroit until he has recuperated.

Rev. C. L. Milton of Milwaukee, who identified Patmont on Sunday reached home today.

"Patmont is a very nervous man and part of the time seems to be demented," said Mr. Milton. "Patmont told me that the real cause for his disappearance from Detroit was that he was held up by two men who threatened to kill him if he did not leave the city. The men who threatened him gave him \$80," he said.

ONCE MORE PASTOR HAS DISAPPEARED.

(ASSOCIATED PRESS TELEGRAM) Milwaukee, Wis., July 21.—Rev. Louis R. Patmont, temperance worker, has again disappeared, having left the train on the Soo Line bound for Chicago some time after 2

cars, for instance, will be routed around the square, enabling patrons of this line to take them from any point, while in the matter of freight, a prompt and convenient delivery will be made which will be of untold advantage to business interests which up to this time have been practically barred from doing business with the road.

"Owing to conditions around the public square a station in this locality has become too dangerous and with the increasing business of the company is almost prohibitive. While this may be a trifling disadvantage to the automobile autostrads whose main divergence has been to blow their horns and scatter the passengers as they get on and off the cars, the present station will soon be a thing of the past, and passengers will be able to arrive and depart without incidentally being killed or scared to death."

"The promptness with which the new station will be occupied for passenger service will be subject to arrangements being made regarding the leases now in force and which do not expire until next April. The railroad company, however, will avail itself of its new quarters as soon as possible, and no doubt, will wake up to its duty in giving the city a station in keeping with its business and the new location which it has acquired."

"The theatre people have given me to understand that they will build on one of the canal ends and as their business is high vaudeville it is obvious that they are getting an early start."

O'clock this morning, according to a telegram received from Rev. Claude F. Witte, dated Lakeville, Ill., by Rev. C. L. Milton, Milwaukee.

CARMANS NOW AT COUNTRY HOME AT RAVEN ROCK

(ASSOCIATED PRESS TELEGRAM) Freeport, N. Y., July 21.—Word was received today that Dr. Edwin Carman, Mrs. Carman, who is accused of having shot Mrs. Louise Bailey to death in her husband's office here, and the couple's 9-year old daughter, Elizabeth, had arrived at the Carman farm near Raven Rock N. J. Before starting for their farm on Sunday, Mrs. Carman according to reports here today, promised to let District Attorney Smith know where she would be every week before her trial in September, Detestives, it is said, followed the Carman automobile on the trip to New Jersey.

While Freeport today apparently was ready to permit the Carman case to rest, friends and relatives of Mrs. Bailey, the victim of the shooting expressed surprise that Mrs. Carman had been permitted to leave the state while on bail pending her trial.

GERMAN EDITOR DEAD. Cleveland, July 21.—Morris Weinberger, 67, editor of a German newspaper, was found dead at his home today. The cause of death is not known. He was apparently in good health.

VILLA'S TROOPS ENTRAIN

Start on Their Journey to Queretaro Where Divisions Will Converge

MARCH INTO CAPITAL

Will Be Made After Final Arrangements Have Been Completed for Transfer of Government From Provisional President Carranza to Gen. Carranza.

(ASSOCIATED PRESS TELEGRAM) Washington, July 21.—Provisional President Carranza does not intend to surrender unconditionally to General Carranza and will concentrate his military forces and resist an invasion rather than permit the constitutionalists to enter Mexico City without previous agreements not to wreck vengeance on the lives and property of those who supported General Huerta.

This was the tenor of information from authoritative sources today in Mexico City to Washington diplomats. It spread a feeling of pessimism in some quarters over the possibility of an amicable settlement of the revolution.

(ASSOCIATED PRESS TELEGRAM) El Paso, Texas, July 21.—The southern movement of General Villa's forces was begun, according to advices received today in Juarez, opposite El Paso. General Villa was still in Chihuahua City but was expected to depart for the south within forty-eight hours and his army of 18,000 men was reported entraining for the journey to Queretaro. It is at Queretaro that the three divisions of the constitutionalist army will converge for the triumphant entry into the national capital according to constitutionalists here.

Coincident with this movement came advices from Monterey that General Pablo Gonzales, commanding the eastern division, was moving his troops to San Luis Potosi, within easy reach of Queretaro. So far as was known here, General Obregon's western division had advanced no further than Guadalupe, although railway communication with the capital is virtually intact.

Constitutionalist troops will approach no closer than Queretaro to Mexico City until final arrangements are made for the transfer of the government from Provisional President Carranza to General Carranza are made, it was asserted.

ASK PROTECTION FOR MAJOR CHARLES PLANK.

(ASSOCIATED PRESS TELEGRAM) Agua Prieta, Sonora, July 21.—General Alvarado, commanding the constitutionalist forces at Guaymas was asked yesterday by military officials here to protect Major Carlos Plank, held in the Hermosillo prison since his arrest Saturday.

Major Plank was arrested by order of General Jose M. Maytorena, Plank's friends fear that he is to be executed before any action can be taken for his release.

It is admitted by Plank's friends that he was active politically against Governor Maytorena.

OUTLOOK FOR PEACE VERY FAVORABLE

(ASSOCIATED PRESS TELEGRAM) Washington, July 21.—With Huerta's exit from Mexico, and Carranza's expression of readiness to declare a truce with the federalists pending parleys with Provisional President Carranza's envoys, administration officials today declared the outlook for peace between the Mexican factions was "very favorable."

It appeared probably, however, that in his negotiations with the federalist ambassadors, Carranza would stick to his insistence that the Carranza administration surrender unconditionally as a prelude to the transfer of government. There would be a general declaration of amnesty for the populace in the territory controlled by the federalists, but it was said Carranza would not recede from his determination to prosecute the ring leaders in the plot that resulted in the unseating of Madero.

It was not believed that complications would arise from such a policy because most of the men involved in Huerta's sudden ascent to the presidency have fled.

The American government's attitude toward the new turn of events would not be indicated, Secretary Bryan said, until after an agreement had been reached between the two factions. That would vitalize the protocol signed at the Niagara mediation conference, the new administration would be recognized, and thereafter American troops would be recalled from their Vera Cruz positions.

Discussion of the task of rehabili-

tating the war-torn republic was heard in Washington today. The American government, Secretary Bryan said, and the constitutionalists had given notice that financial transactions of Huerta would not be recognized after October 10 last year, when the Mexican congress was dissolved. The United States, it was believed, might intervene for European creditors whose accounts antedated that time. The Spanish government has sent an envoy to look after the interests of King Alfonso's subjects.

SECOND DAY'S HEARING AT PARIS TRIAL

(ASSOCIATED PRESS TELEGRAM) Paris, July 21.—The most important testimony at the second day's hearing in the trial of Mme. Caillaux for the murder of Gaston Calmette was that of President Poincare, of the republic, whose deposition was taken by Judge Emile Forichon, the first president of the court of appeals. This narrates how Joseph Caillaux, then a minister of state, had called upon President Poincare on the day Calmette was killed and had spoken about probable publication in the Figaro of letters between himself and Mme. Caillaux. In the course of an excited talk M. Caillaux exclaimed, according to the deposition: "If Calmette publishes the letters I will kill him."

Joseph Caillaux also took the stand. He looked very young to have been premier of France and chief of the important radical party. After relating incidents of his private life, of his marriage with Mme. Gueydan, he explained the circumstances of the writing of the two letters to Mme. Raynaud who afterwards became Mme. Caillaux. His voice trembled and he was obviously ill at ease but he gathered composure as he proceeded.

Mme. Henrietta Caillaux was up at 7 o'clock this morning preparing for the second day's hearing of the charge against her of the wilful murder on March 6, of Gaston Calmette, editor of the Figaro.

The prisoner and her husband, the former premier, conversed for half an hour and afterwards she lunched.

Two office boys from the Figaro were the first witnesses today. They described the arrival at the Figaro office on the day of the crime of Mme. Caillaux. They told how she waited and gave details of her entrance into the room occupied by Gaston Calmette and of their hearing shots. One of the boys, Adrien Nicet, crouched down on the witness stand and uttered a series of low cries to show how he had found M. Calmette sheltering himself behind his desk.

Other members of the staff of the Figaro then testified, among them Louis Latzarus, who gave a vivid description of the scene when Mme. Caillaux shot Calmette.

Latzarus said he heard sobs and ran to Calmette's room where Calmette had sunk in a state of collapse in a chair. M. Sirac, he said, was holding the woman by the wrists. She cried:

"Let me go. I am not going to escape."

Sirac then let her go, said the witness and she stood near the door, clear eyed and with her face neither pale nor flushed. She seemed untold by the fifteen editors who quickly gathered around her.

"She began to speak," said the witness, saying:

"Since there is no justice in France."

"Shut your mouth," said one of the editors. "After what you have done keep quiet."

I was not speaking to you," said Mme. Caillaux.

WON'T STAND FOR HUNGER STRIKE AT BLACKWELL

(ASSOCIATED PRESS TELEGRAM) New York, July 21.—The threat of Rebecca Edelson, anarchist, to secure her release from a three months sentence to Blackwell Island penitentiary by going on a hunger strike found Miss Katherine B. Davis, commissioner of correction, ready today to provide the young woman with a life sustaining diet regardless of her wishes in the matter.

Miss Edelson was sentenced yesterday to the penitentiary for inciting riot in a speech of Park Row last April. She began her hunger strike soon after entering the Tombs prison last night. She was to be removed to the penitentiary today where Commissioner Davis promises that she shall not go hungry.

FELL FROM PORCH; LEFT ARM BROKEN

Hanover, O., July 21.—Harold, ten year old son of Mr. and Mrs. C. H. Ritchey of this place, fell from the roof of the porch of his parent's home, sustaining a fracture of the left arm above the elbow, the bone protruding through the skin. The fracture was reduced by Dr. W. L. Evans of Hanover and Dr. U. K. Evans of Newark and today the lad was resting as well as could be expected under the circumstances.

OHIO ELECTRIC WILL BUILD NEW DEPOT IN EAST MAIN STREET

City Council Passes Ordinance Permitting Construction of Turn-outs From Prout Property Which Company Has Leased

ELIMINATION OF NORTH SIDE TRAFFIC CONGESTION

Passengers and Freight Will Be Handled at New Location—Fourth Street Cars Will Run Around Square And Interurbans May Use The South Side—Sinking Fund Trustees Buy City Bonds—Council Sends Flowers to President Harry Rossel Who Is Ill.

Newark is to have a new interurban station, and it is expected that no delay will be experienced in beginning the work of construction just as soon as possible. This station will not be merely a depot in a room on the square, but will be a building on property leased and controlled by the Ohio Electric railway.

The company has concluded a lease of property in East Main street, south side between Second and First streets, owned by George B. Sprague, but better known as the W. L. Prout property, as it had been until recently that gentleman's home for many years.

The move means much for the traveling public from the standpoint of convenience, to Newark shippers of freight from the point of availability of location, and to the people of Newark generally in better local street car service, and the removal of the dangerous and annoying congestion every hour of the day on the North Side of the Square, in front of the present passenger depot.

The freight that is now handled at the car barns west of Twelfth street, will be taken care of at the new location, facilities for this service being installed just as soon as the necessary track changes are made.

The patrons of the North Newark division known as the North Fourth street line, are also to experience a boon, as the cars off this line will run around the north side of the square to the new depot, avoiding the necessity, as at present, of waiting at the corner of the north side and Third street in all kinds of weather to take a car or make connections with the east or west bound city cars on transfers.

It is also probable that the big interurban cars will go round the south side of the square to East Main and on to the depot, but this is a detail that remains to be settled.

This is good news, and in order to expedite the consummation of the project the city council suspended the rules Monday night and passed an ordinance introduced by Dr. C. F. Legge, member-at-large, granting permission to the Ohio Electric to construct two turnouts on East Main street from the property under lease, the work to be done under the supervision of the service director and engineer of the city.

The discussion of the phases of the proposed radical change came upon a motion of Dr. Legge to suspend the rules and pass the ordinance. It was soon evident that the council would do this from the tenor of remarks made heartily endorsing the proposition that the ordinance was really intended to make possible. Dr. Keller from the chair endorsed it as one of the best things that has happened in Newark for a long time, while Members Legge, Rexroth, Ashbrook, Seward and Baker from the floor made remarks that indicated they would also vote for the ordinance, but Mr. Knauber, a member-at-large, opposed the suspension of the rules.

He said he did not believe in "railroading" an ordinance through which enlarged or modified any rights held by the Ohio Electric, because this company had to be watched closely at every turn, or the city would be taken advantage of. He thought the ordinance should go over for two or four weeks until the councilmen could give the matter more attention, and through these means protect the city's rights.

He was particularly impressed with the fact that in words the company did not promise not to blockade the street in front of the station, or the alleys south and west of the new property.

Mr. J. F. Moore of the Ohio Electric was present and given an opportunity to make a few remarks in answer to Mr. Knauber. He said the property in question was 80 by 200 feet and would be amply large to transact all business on the company's own domain, without unduly encroaching upon the street or alleys of the city, the same as this work is being done in Columbus, Springfield and other cities.

The change meant better service to the citizens by the construction of storage tracks for extra motors and trailers which could be run out and put in service as needed without loss of time of going up to the barns and bringing these cars down in case of larger crowds wishing to ride than ordinarily, or because of something unforeseen that might require extra cars.

Mr. Moore further stated that there

was no intention of blocking East Main street or either alley, and in fact one of the principal favorable features of the move was to do away with the crowding in the street on the North Side, and the sidewalks with baggage awaiting transfer or transportation.

He said in reply to Mr. Knauber's suggestion to let the matter lie over for a couple of meetings as "time was not so important," that time was just the one important factor. The company wanted to proceed as rapidly as possible, and much special work had to be ordered, which could not be done upon an uncertainty; again, the option on the property had only a short time to run and this deal would have to be closed just as soon as possible.

Mr. Payne then asked a few questions as to whether the double track would be left lying on the north side, or made into a single track. Mr. Moore explained that the more double track a street car company had in a city the better service from a time standpoint would be forthcoming, and that the stretch on the north side would be used only for cars to pass and not for the purpose of taking on or discharging passengers between the corners of Second and Third streets.

The vote was then taken, the rules suspended and the ordinance passed, Mr. Knauber registering his vote against it.

The Board of Sinking Fund Trustees, which is always in the best of shape in this city, reported to council.

(Continued on page 10, col. 3.)

PROPERTY IS GUARDED BY THE MINERS

(ASSOCIATED PRESS TELEGRAM) Bellaire, O., July 21.—Acting on the advice of Timothy S. Hogan, attorney general of Ohio, who last night informed him that he could legally employ men to guard property, Sheriff John Anderson today recruited 150 union miners to protect pumpmen and engineers at mines where the strike is effective. The pumpmen and engineers refused to work unless they were given protection, and the union, which is not in sympathy with the Industrial Workers of the World, provided the guards who were sent to the mines at Wheeling Creek, Lansing, Barton and Neff. With the pumps going it is stated that much valuable mine property will be saved.

DEFEAT FOR ORGANIZED BASEBALL

(ASSOCIATED PRESS TELEGRAM) Buffalo, N. Y., July 21.—Organized baseball suffered a legal defeat today when Justice Herbert P. Bissell granted the motion to vacate the injunction secured by the Chicago American league baseball club restraining Hal Chase from playing with the Buffalo Federal league club.

The lack of mutual obligation in the so-called ten day clause of the contract under which Chase was playing with the Chicago team, whereby the club could terminate the contract on ten days notice while the player was bound under several provisions of the "national agreement" for the basis of the decision vacating the injunction.

CHICAGO FINANCIER DEAD. (ASSOCIATED PRESS TELEGRAM) Chicago, July 21.—Samuel M. Nickerson, founder and for 25 years president of the First National bank here, died last night in East Brewster, Mass., it was announced by relatives here. He was 84 years old. Mr. Nickerson was a leading figure in financial circles of Chicago for many years.

Ferullo's Band Drew Vast Audience at the Redpath Chautauqua

Tonight's Program.
7:30 p. m.—Children's Night.
Musical Novelty Entertainers
and The Floys, Magicians.

Wednesday's Program.
10:00 a. m.—Lecture, "The Restoration of Harmony," Prof. York.
2:30 p. m.—Concert. The Edwin R. Weeks Company. Lecture "Community Building," J. S. Knox.
Children's Hour, Miss Carroll.
7:30 p. m.—Joy Night, The Edwin R. Weeks Company.

So much pleased was the audience with all of the numbers played by Ferullo's band at the Chautauqua, Monday evening that each number was encored until the band responded. This is the greatest musical company on the Chautauqua course, and probably the largest crowd of the Chautauqua week packed the tent to nearly its capacity.

The lecture in the morning by the prominent educator, Prof. York, on "The New Geography" was very instructive and was along educational lines. He discussed his theme from a professional viewpoint, and his lecture contained a message for parents, teachers, all professional people and those who are interested in general culture and learning.

Directing the entire musical program without a score, Ferullo opened the concert with his band playing the "March from Aida." This was one of the most difficult numbers on the program and as a psychological opening number could not have been better selected.

All of the tragic and mystic power of music revealed in the first plaintive, then mystic, then reverberating notes of the "Saracen Slave." This number was powerful because of the vast dramatic possibilities of music that it revealed. As

A NURSE TAKES DOCTOR'S ADVICE

And is Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Euphemia, Ohio.—"Because of total ignorance of how to care for myself when verging into womanhood, and from taking cold when going to school, I suffered from a displacement, and each month I had severe pains and nausea which always meant a lay-off from work for two to four days from the time I was 16 years old.

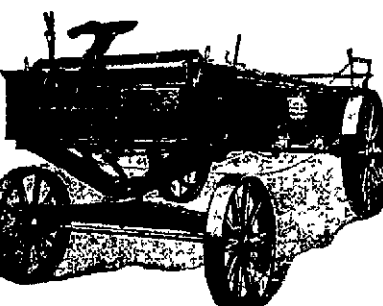

"I went to Kansas to live with my sister and while there a doctor told me of the Pinkham remedies but I did not use them then as my faith in patent medicines was limited. After my sister died I came home to Ohio to live and that has been my home for the last 18 years.

"The Change of Life came when I was 47 years old and about this time I saw my physical condition plainly described in one of your advertisements. Then I began using Lydia E. Pinkham's Vegetable Compound and I cannot tell you or any one the relief it gave me in the first three months. It put me right where I need not lay off every month and during the last 18 years I have not paid out two dollars to a doctor, and have been blessed with excellent health for a woman of my age and I can thank Lydia E. Pinkham's Vegetable Compound for it.

"Since the Change of Life is over I have been a maternity nurse and being wholly self-supporting I cannot overestimate the value of good health. I have now earned a comfortable little home just by sewing and nursing. I have recommended the Compound to many with good results, as it is excellent to take before and after childbirth."—Miss EVELYN ADELA STEWART, Euphemia, Ohio.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

SAVE \$25

Motor truck business demands the room. Present stock of Miller Manure Spreaders reduced from \$100 to \$75.

The Blair Manufacturing Co.
West Newark, O.

with all of the following numbers the band played an encore. "Miserere" from "Il Traviatore" and the "Sextette from Lucia" were among the best numbers of the evening. The "Sextette" was played by a sextette composed of two cornets, a French horn, a bass horn and two trombones. The entire company participated in the chorus of this number. As an encore the old favorite "International Rag" was played.

After the intermission of fifteen minutes "William Tell" was played. This rendition is among the best that could have been selected from any of the Teutonic operas and was one of the most inspiring numbers of the evening. The "Hungarian Rag" was played as an encore.

The "Wedding Wind Waltz" and "Rigoletto" were both much appreciated and were a variation from the heavier preceding numbers. "The Rosary" was played as the encore to "Rigoletto" and was welcomed as an old favorite among the lovers of sacred music.

To conclude the program a medley of American national songs was played consisting of "The Swanee River," "That Girl I Left Behind Me," "Dixie" and "The Star Spangled Banner." All of the audience rose as the national airs were played. These numbers gave to the program an appropriate conclusion.

Just several minutes before the program was concluded the lights went out, but did not interfere with the rendition of the number.

Literary Notes.

Money In a Garden.

Alpheus Hyatt Verill, author of the recently published "Harper's Book for Young Gardeners," tells of a boy he knew who made a splendid profit from his garden by raising only unusual varieties. As he was always the first person in the neighborhood to try novelties, he had no difficulty in disposing of his entire crop to the local hotel. By the time his competitors realized there was a demand for his variety of corn, sadieback beans, yellow beets, Oars, and other like products, the wide-awake gardener had a new and better variety to offer.

How a Vampire Works.

The Vampires of New Guinea are fairly large bats, and alight on any projecting part of the body, in preference to the toes, into which they bite a small hole from which they proceed to suck the blood. They fan the wound with their wings to deaden the pain, the natives say—and the victim seldom awakens before much harm is done. These horrible creatures suck as much blood as they can, fly away and disgorging it, and then return for more. I have several times, says a writer in the August Wide World Magazine, seen men in their hammocks in the morning covered with blood, and so weak that they could not get up for days.

Passenger Aeroplane.

That the day of the big passenger aeroplane is close at hand is indicated by the feats performed by the Russian Sikorsky biplane as well as by the successful flights of a powerful monoplane recently built that has two pairs of wings placed fore and aft on the body of the machine. Each of these machines has a cabin or saloon inclosed by glass where the passengers may ride in comfort. Pictures of the Sikorsky machine appear in the August Popular Mechanics Magazine.

Didn't Go Any Farther.

A gentleman was descending the ice-covered surface of a steep street in Toronto when his feet went from under him, and he slid down in a sitting posture. He had not gone more than a few yards in this position when his legs came in contact with a lady who was crossing the street, causing her to sit down hurriedly on him. They proceeded thus together at an increasing speed, and shot out onto the square below, when the gentleman, coming to rest, said: "I beg your pardon madam; you must get off here. I don't go any farther!"—From the August Strand.

YOU NEED THIS GREAT NERVE TONIC

For Over-Eating, Drinking, Smoking or Overwork of Any Kind Causing Nervousness.

TAKE AMBITION PILLS.

T. J. Evans is having a lively sale of Wendell's Ambition Pills these days because the people of Newark who have tried them know they tone up the entire system and impart vigor and energy into run down people in a few days and because they are guaranteed to do exactly as advertised, and T. J. Evans is authorized by the maker to refund the purchase price if anyone is dissatisfied with the first box purchased.

If you feel blue, have lost confidence in yourself, are despondent, weak and tired out, a 50 cent box of Wendell's Ambition Pills is all you need.

Finest prescription for headaches, nervous troubles, poor blood, kidney and liver complaints, malaria, neuralgia, trembling and loss of appetite. They never fail to end constipation.

Get them at T. J. Evans and dealers everywhere for 50 cents. Mail orders filled, charges prepaid, by Wendell Pharmaceutical Co., Syracuse, N. Y.

The Contest

T. J. Phillips, 21 East-Cain street, Atlanta, Ga., writes: Enclosed please find money order for subscription to the Advocate. I did not do any good in your contest but if I had it to do over again I think I could do better. I have no one to blame but myself, as the contest was a fair one in every respect. As you see I am now located in Atlanta. Am teaching penmanship and commercial subjects in the Ragwell Business college. With best wishes for the future success of the Newark Advocate. * * *

E. W. B. Mt. Vernon, writes: "I am just in receipt of your order for the prize which was awarded me by your valuable paper. Please accept my thanks for same. I have certainly enjoyed the contest from beginning to end and more especially have I enjoyed the paper. The bouquets and brickbats have been enjoyable reading. The people who have been handing out the brickbats evidently have never been in any contest before, or if they have they surely have a bad case of sour grapes. I consider your contest above the ordinary and I have no one to censure only myself that I did not score higher as I had all your answers but 'Leisure Hours With Nature' and 'Magic Melody.' When one can get that many answers to pictures and then not use them he is wrong and not the paper. I again thank you and wish you and your paper every success possible. Give us another one of your contests soon."

Mrs. J. W. Newton, 1467 Eastwood avenue, Columbus: "I wish to thank you for the nice prize awarded me in the recent contest, and I received the order for it last week. The contest was very interesting and if you have another one I hope I will know it, so that I can enter. Thanking you again for your kindness and courtesy."

Miss Alice Gray of Delaware: "Received check for \$25 for which I sincerely thank you. As many other contestants have expressed themselves, I think I will be ready to enter the next contest you put out. I do not, however, agree with the contestant who would have you eliminate the names of the authors. None of us can be sure of a prize on entering, but we can all make sure of the benefit to be derived from this study of books and authors as well as the pleasure in finding the most fitting titles for the pictures."

Jessie M. Ruhl, Columbus: "I wish to express my sincere thanks for the ten gallons of paint I won in the recent contest. I did my very best. Sometimes I grew weary and faint. But at last was rewarded."

SUGAR CONTROL IN DIABETES

"Pharmacology has not provided any drug which acts directly upon the sugar forming processes of the liver. Opium exerts an influence—but there are so many drawbacks its use is restricted."—Dr. Von Noorden, Vienna Authority.

Let us face this issue squarely—the ability of Fulton's Diabetic Compound to reduce sugar in many cases of Diabetes in people over fifty is a FACT IN PHYSICS, to prove which we will send sugar formula that will show the percentage from week to week.

Chemistry knows no favorites. The presence of sugar is a fact and its disappearance is a fact. Theory plays no part. How can there be a question about the reality of a FACT IN PHYSICS that is being demonstrated daily by the weights and measures of analytical chemistry?

We have a letter before us from a physician whom the Medical Register shows to be a Professor in an Eastern Medical College. He writes as follows: "I have used it in two cases (Diabetes) in my practice with practically complete results—and have recommended it to fellow practitioners who have also been successful."

The thirst often begins to abate and strength to increase before the sugar shows much decline: thus patients often know the case is responding before the tests show it. Formula for sugar reagent and literature mailed on request. John J. Fulton Co., San Francisco. F. D. Hall is local agent. Ask for pamphlet.

Abe Martin

Findin' a new thousand-mile river sounds a good deal like losin' a base drum. How 't be civil tho' busy is a mighty rare accomplishment.

SUMMER VACATIONS.

Before starting on your outing remember to order the Advocate to follow you. No matter how long you are to be gone, no matter how frequently you change your address the Advocate will go where you go if you only leave word. No extra charge. Before you start telephone to this office. That's all that is necessary.

BACK PAY FOR "COPPERS" OF FOREST CITY

(ASSOCIATED PRESS TELEGRAM)

Columbus, July 21.—Five former Cleveland patrolmen will receive \$2,655 each as two years' pay for service on the police force which they never did, if the supreme court upholds the court of appeals in cases filed in the higher court Monday by the city of Cleveland. They were suspended April 25, 1911. Two years later, July 2, 1913, the court of appeals held that they had been discharged illegally. They sued for their salary, though all had been working at other employment during these years.

The cases will establish a precedent for payment of public officials or employees throughout the state. Separate suits by each former patrolman were appealed today. Those who seek back pay are John L. Lutterer, Peter J. Esper, Henry Lange, Fred W. Yoos, and Arthur Cottrill.

25 Years Ago

(From Advocate, July 21, 1889.)

Messrs. Tom Tabler, Braxton White, C. E. Coulter, Will Young, Fred Woodbridge, Will Jefferson and Jim Baker went to Put-in-Bay yesterday.

The funeral services of the late Mr. George Imhoff, who died in this city last Friday, took place from the home of his mother, Mrs. Elizabeth Worley on Baker street.

Mrs. Elizabeth Heller, widow of the late Adam Heller died at her home in the Cherry Valley, Sunday evening. Mr. Harry Fordyce, the well known B and O. train dispatcher was quite severely bitten in the arm by a pet rabbit. The wound was attended to promptly and Mr. Fordyce is getting along nicely.

15 YEARS AGO TODAY.

(From Advocate, July 21, 1899.)

Mrs. Ben Holland and Miss Grace Platts are the guests of friends in Columbus.

Henry Moore, a well known young farmer residing several miles east of the city while riding on a hay rack fell from the machine, and sustained several injuries.

Miss Bertha Dille left today for a visit to Grand Rapids and Detroit and a trip up the lake.

A marriage license was granted to Henry F. White, a farmer of Kirkersville, and Miss Olie Bishop.

Mrs. Wm P. Miller of Buffalo, N. Y., is visiting at the Miller-home in West Church street.

Fifty Years Ago Today.

July 21.

France invited European powers to a conference to regulate telegraphic communication.

General W. S. Rosecrans, former commander of the Federal Army of the Cumberland, was at the head of the department of Missouri.

Has Your Child Worms?

Most children do. A Coated, furred Tongue; Strong Breath; Stomach Pains; Circles under Eyes; Pale, Sallow Complexion; Nervous, Fretful; Grinding of Teeth; Tossing in Sleep; Peculiar Dreams—any one of these indicate Child has Worms. Get a box of Kickapoo Worm Killer at once. It kills the Worms—the cause of your child's condition. Is Laxative and aids Nature to expel the Worms. Supplied in candy form. Easy for children to take. 25c., at your druggist.

North Newark

As every one knows, Sunday was an ideal day, as to the weather, and our Sunday school and preaching services were well attended in the morning, the Sunday school making an increase of 24 over last Sunday. The shut-in prayer meeting, at the home of Wm. Burge, in Cottage street, at 3 p. m. was well attended and a gracious spirit manifested. The Y. P. C. U. at 8:30 o'clock, led by Miss Lena Woodyard, had considerably larger attendance than has been for some time, and a splendid lesson studied. Preaching again at 7:30, to a larger congregation than for two or three Sunday nights. At the close of this service, Mrs. Anna Hobson, Mr. Dewey Frye and Miss Anna Goodwin took upon themselves the vows of the church and united in fellowship with the North Newark Christian Union. Thus, though not in large numbers, the North Newark work is slowly but surely growing in numbers and in spiritual activity.—W. H. Baker, Pastor.

Mrs. Ina Van Ostrand, Maple avenue, who has been quite sick the past week, is improving in health. Mrs. Winn, wife of the Stevens street grocer, F. P. Winn, was taken to the Sanitarium Saturday evening and was operated on for tumor, Sunday morning.

Mr. and Mrs. Tony Greene in Bolton street, are both on the sick list. Mrs. Greene has guinea and is suffering greatly. George Calhoun, an employee in the Marcy store, was married Sunday at Marysville to Miss Blanche Trinity, and will begin housekeeping in Maple avenue in the near future. The North Newark C. U. chapel was again decorated, Sunday, with flowers mostly brought from the home of Bert and Jennie Showman, north of town, and after service the flowers were distributed among the sick of the church.

State News

Simoon M. Winn, 52, Democratic candidate for common pleas judge, was found dead in bed at his home in Zanesville. Heart trouble caused his death.

John Kovacs, 38, dairyman, and his daughter, Elizabeth, aged 8 are dead of injuries received when a Pennsylvania train struck their wagon at Dayton.

D. Ward Wolfe, the wealthy young man caught burning his home near Circleville, to get the insurance, was placed in a private sanitarium at Oxford, for the insane.

John J. Fuchs, well known Sandusky furniture dealer, is dead.

Leroy Sutton met death when he was caught in a flywheel at the Canton Electric company's plant.

Mrs. William Mollonkoff and Mrs. Samuel Shumaker were badly burned when fire destroyed the Shumaker home at Gallon.

John Underwood, age 61, a miner of Georges Run, near Steubenville, was injured by a fall of slate and died a few hours later.

Clyde Mitchell, 24, of Huntsville Alabama, was instantly killed and Elmer Duncan, seriously hurt at Massillon when the two stepped in front of a fast train while unloading a carnival.

Becoming excited at the antics of "The Frolic" at an amusement resort at Dayton, Jas. Steele jumped from his seat and suffered a fractured skull.

Doctor's Boyish Face Reveals Skin Renewer

I heard the other day the story of the physician with so admirable a skin that all his women patients asked his secret. He told one, who generously told others, that, knowing the remarkable absorbent property of ordinary mercurized wax, he concluded that this substance would make an excellent complexion renewer and preserver. Knowing the wax could do no injury, he began using it after shaving. He soon observed that the old, withered, colorless cuticle was being gradually absorbed and replaced by a younger, healthier skin. This was the simple secret of the silver-haired doctor with the boyish face. The secret became public property. Now women everywhere use mercurized wax, applying it at night like cold cream, washing it off mornings—continuing until the complexion is entirely renovated. An ounce of this wax, procurable at any druggist, will banish the worst complexion.

Another valuable rejuvenator used by this doctor was a wrinkle-remover and preventive in the form of a face bath, made by dissolving an ounce of buxite in a half pint of well water. This also has become famous—Fashion Review.

You're Bilious and Costive!

Sick headache, Bad Breath, Sour Stomach, Furred Tongue and Indigestion, Mean Liver and Bowels clogged. Clean up tonight. Get a 25c. bottle of Dr. King's New Life Pills today and empty the stomach and bowels of fermenting, gassy foods and waste. A full bowel movement gives a satisfied, thankful feeling—makes you feel fine. Effective, yet mild. Don't gripe. 25c., at your Bucklen's Arnica Salve for Burns.

SPECIAL LOW PRICED OFFER FOR JULY AND AUGUST

NOW IS YOUR CHANCE TO GET WELL.

During the months of July and August, on account of the extreme dullness of the times, the great number of men who are out of work, and to give those who need the treatment of an Experienced Specialist an opportunity to get well, I have decided to accept for treatment any curable case, outside of Consumption, Blood Poison and Unnatural Discharges, at the uniform rate of One Dollar per week, including your medicines and office treatments.

On the diseases excepted from this offer a correspondingly low price will be made. This offer is for cash, no credit.

Consultation and Examination Free. In many cases of Rheumatism, Paralysis, Prostatic trouble, Female Difficulty, I am able in one treatment to relieve and in some cases to cure. In nervous disorders, Prostrations, Heart and Lung Trouble, I am able to show relief at once. Constipation, Liver and Stomach Disorders yield readily to my treatment. If you have anything Chronic, I want you. There is no strings to this offer, the only charge being sufficient to cover the actual outlay on the case, and the offer is open from this date until Sep. 1-1.

I have fitted an office in the Newark Trust Building, Suite 506, and can be found there from 9 a. m. to 11 a. m., 1 to 4 p. m., 7 to 8 p. m. every day. No Sunday hours only by special appointment. Do not delay, but come at once and bring your friends, as this offer means Dollars to you.

DR. A. L. ENGLE, 506 Trust Building, Newark, O. General practice calls solicited. Auto phone 3645. (Advertisement)

The Courts

Divorce Petition.
Anna Radesky in a divorce petition filed by Attorney J. V. Hilliard in the Probate court, against Chas. Radesky, asks for her maiden name. They were married Aug. 16, 1904, and there are no children. Mrs. Radesky charges gross neglect of duty, failure to provide her with clothing, and that he choked her, threatened to hit her with a beer bottle and called her vile names.

Grants Attorney's Fees.
In the case of George Oxley against Leora Oxley in the Probate court the defendant asks for temporary alimony, and her request for money for attorney's fees was granted. The request for temporary alimony was held up pending investigation. Both parties were recently divorced.

Attorneys James Fitzgibbon and J. R. Davies for the plaintiff and Karl Norpell for the defense.

Case Continued.
In the case of Dr. W. E. Boyer against Esther Boyer for the custody of their child, Esther Boyer, aged 14, the court overruled the motion of the defense that the court had no jurisdiction because the child lives in another county. The case was continued to be heard on its merits.

Bound Over.
Will B. Jones, charged on the affidavit of Louis B. Jones in the court of Justice J. D. Towell with the malicious destruction of automobile parts and fixtures to the amount of \$150, pleaded not guilty, waived the reading of the affidavit and was bound over to the grand jury with bond fixed at \$300.

Marriage Licenses.
Russel Davis, 21, student, Somerset, and Goldie Jean Drake, 21, Newark.

Justice Scott's Court.
The case of the state of Ohio vs. Frank Wayne in Magistrate Scott's court was dismissed Monday morning. Wayne was charged with illegal sealing on the affidavit of Deputy Game Wardens Penrose and Malinsky.

First Petition.
The first petition to be filed under the Torrens law for the registration and partition of land in the Common Pleas court of this county was filed Monday afternoon by Attorney F. A. Bolton. It is Charles S. Adams against Ida Farley et al.

Real Estate Transfers.
The City of Newark to the Ohio Light & Power company, lot 228 James E. Thomas addition. Consideration, \$201.62.
Laura M. Wolcott, to James W. Lenington, parcel in Harrison township. Consideration, \$3,000.
Daniel Suttler to James Lenington, parcel in Harrison township. Consideration, \$1,000, etc.
Isabelle Rees to Mary R. Suttler, lot 2, S. H. Andrt's addition. Consideration, \$1,000, etc.
Jesse C. Dayton and wife to Elward E. Priest, lot 4003, Halsey addition. Consideration, \$1,000, etc.
Sheriff Frank E. Slabaugh to

JOHN M. SWARTZ,
ATTORNEY-AT-LAW.
Practice in all courts. Will attend promptly to the business entrusted to him. Special attention given to collections, administrations of estates, accounts of administrators, executors, guardians and trustees, carefully stated and attended to. Special facilities for obtaining orders in all countries.

George M. Miller and wife to William H. Power and wife, lot 136, Cherry Vale Park addition. Consideration, \$1,000, etc.
Mervin B. Kassan and wife to L. B. Carver, three parcels, Monroe township. Consideration, \$1,500.
Mary M. Wing to Mary W. Shields, parcel, Burlington township. Consideration, \$1,000, etc.

Common Pleas Court.
In the case of Emma F. Moran vs. James G. Moran, the court of common pleas granted a divorce to the plaintiff. The court ordered plaintiff to pay defendant \$150, and the costs of the suit. After payment has been made, plaintiff to hold her property free from any claim of defendant; defendant to hold his property in like manner.
H. D. Ashbrook, administrator de bonis non of the estate of Hiram M. Ashbrook, deceased, vs. Alonzo Gibbs: A suit brought upon a promissory note. A judgment was entered in favor of plaintiff.

The September term of court convenes on September 14th. Arrangements will probably be made by which Judge Jewell, of Delaware, will preside during the term, Judge Fulton going to Delaware.

ONE-LEGGED LAD TOURING WORLD; HERE ON FRIDAY

Many pedestrians on hikes across the country have visited Newark, but on Friday Ralph D. Tompkins, 20, born in Newburg, N. Y., will arrive in the city.

This young walker is now finishing his self-imposed task of seeing his own country before starting through every foreign country. When a lad of four he lost one of his legs in a railroad accident, and walks with crutches, but in spite of his loss he makes excellent time. He has walked from New York to Chicago and return, a distance of 2,070 miles and in 1912 he walked from Poughkeepsie, N. Y., to Jacksonville, Fla., 1,300 miles which was covered in 91 days.

He covers expenses by singing and giving a travelogue at the theaters. He left New York City, November 27, 1912, and before leaving for abroad he will have visited every city and town of any size in the United States.

Kansas City	49	47	.510
Columbus	45	47	.489
Minneapolis	45	47	.489
St. Paul	34	59	.366

Today's Schedule.
St. Paul at Columbus.
Milwaukee at Cleveland.
Kansas City at Indianapolis.
Minneapolis at Louisville.

Sunday's Results.
Columbus, 7; St. Paul, 6 (10 innings).
Cleveland, 5; Milwaukee, 2.
Louisville, 6; Minneapolis, 5.
Indianapolis, 3; Kansas City, 2 (10 innings).

TALE WHEAT.
Mr. H. S. Barry of Sharon Valley raised some very tall wheat, this measuring 5 feet 2 inches in height, and in spite of the dry weather and two corn crops previous to seeding to wheat, it averaged 21 bu. to a acre, of fine quality, no weeds of any kind.
The variety is the celebrated Gypsy wheat, which at the experiment station at Wooster, O., ranks first in yield per acre, 30.76 bushels for 16 year average.

—AND THE WORST IS YET TO COME

FAST TIME AT OPENING OF THE GRAND CIRCUIT

(Associated Press Telegram)
Cleveland, July 21.—The weather is again ideal for the second day of the grand circuit races on the North Randall course. Four races are on the program for today—the 2:15 trot, purse \$1000; the Fasig stake, three-year-old trot, 2:12 class, \$1000 added; the Ohio stake, value \$3000, 2:10 class trot; 2:05 pacing class, purse \$1000.

The opening of the meet yesterday afternoon produced no racing of a sensational nature, the winners outclassing the field in three of the four events and winning in straight heats, the 2:07 trot being the only split heat event of the day. It was a favorite's day, three of the four first chances making good, the exception being in the opening event in which the Detroit trotter, Grand Marshal, a 30-to-1 shot in the auctions, carried off the honors after losing the first heat. The Edwards stake for 2:10 pacers brought out the largest field that has started in a stake on the big ring in many years, and the result served to show that the winner, Peter Stevens, is fully as good as the advance reports of his prowess indicated.

Newzeel, a local trotter, was a \$100 to \$55 choice over the field for 2:07 trot, but he proved a false alarm. The Louisville trotter, Omar, led all the way in the first heat, beating Grand Marshal in a hard drive, but in the next two rounds the Detroit gelding was best and won a clean-cut victory.
Belvin, the Wisconsin four-year-old who took a time record of 2:06 1/2 two weeks ago, just had to jog three heats to beat the 2:24 trotters, and Farmer Spears, driven by Tom Murphy, had an equally easy time in beating the 2:11 trotters. Walter Cox worked the star three-year-old trotting filly, Lady Wanetka, a mile in 2:10, with the last quarter in 30 seconds.

DANIELS SOLD TO CINCINNATI REDS

(Associated Press Telegram)
Cincinnati, July 21.—Manager Herzog of the Cincinnati club announced Monday that he had purchased outfielder "Bert" Daniels from the Baltimore club of the International League. Daniels is expected to arrive here today and will play in the New York series.

HUNDREDS WILL JOIN JEWETT'S BIG EXCURSION

Scores of families over the city are making preparations to join the Jewett Car Workers excursion Saturday to Cedar Point for a day's outing. If the weather is ideal, and the weatherman has promised the Jewett Boys that it will be that, a large crowd will avail themselves of the cheap rates offered and have one good time bathing at the finest bathing beach in the country and taking in the many attractions.
The B. & O. has promised to provide excellent service and a quick run will be made to the Point. There will be but few stops and a fast schedule has been agreed upon. Tickets for the excursion can be secured at the Pastime Bowling Club, (formerly The Brunswick), Erman's and the City Drug Store.

Theatres

Tonight at the Auditorium.
The feature for tonight is "For the Honor of Old Glory," or "The Stars and Stripes in Mexico." This film is a wonderful photo production of life and customs in Mexico.
It is a realistic story of the Mexican war, depicting the life of our brave boys on the Southern frontier. The play teams with action and realization and shows clearly the conditions as they exist today on the Mexican frontier. The photography is excellent, as is the acting and the setting.

Amateur Night at the Auditorium.
Do not miss the big amateur night at the Auditorium next Wednesday evening. Several of the best known amateurs in Newark have already signed up to appear on the program and by Wednesday more will have declared their intentions to appear. Come prepared to have a big time for we will not disappoint. All the amateurs will be well known Newark people.

Coming Features at the Auditorium.
This week will be a big feature week at the Auditorium. Several of the very biggest film productions are booked and every photo play feature is sure to score a big hit. A big sensational and interesting photodrama will be shown every day. "Jack" or the "Romance of an Outcast," "Sapho," that famous French story by Alphonse Daudet, "For the Honor of Old Glory," or "The Stars and Stripes in Mexico," "The Two Sergeants," dramatized from the famous French military story, "Protia," a story of a woman adventures, and "Nero and Britannicus," a photo drama depicting an episode in the life of Rome's famous ruler.

MOTORCYCLIST KILLED.
(Associated Press Telegram)
Cincinnati, July 21.—Harry Stein, 22, of Miamisburg, Ohio, died in a hospital here early today from injuries received when was struck by a Big Four freight train at a street crossing in this city last night. Stein and Robert Miller, also of Miamisburg, were riding a motorcycle, and in attempting to cross the tracks ahead of the train were run down by the locomotive.

WILSON INSISTS ON TRUST BILLS

In Spite of Many Objections,
President Demands Passage.

POLITICS IN THE CAPITOL

Members of House and Senate Speculate on Outcome of Fall Campaign. Senate Hurries Up, as It Is Anxious to Adjourn—Hitchcock Shows Independence.

By ARTHUR W. DUNN.
Washington, July 21.—[Special.]—One year ago when the president insisted that congress should remain in session and pass the currency bill the assertion was made that a quorum could not be kept in Washington for any such purpose. But there was a quorum here most of the time, and the bill was finally passed, although the regular session came along before that was accomplished.

There are many senators and representatives who hope that the president will relent and allow the trust legislation to go over, but he shows no disposition to do so. And in that case a quorum of the senate must remain here, and pass legislation, no matter how much they dislike the task.

House Talks Politics.

"General debate" is almost always "political debate" in the house these days. For instance, when several hours are allowed for general debate on an appropriation bill or some other measure the assumption is that the time will be used in discussing the general features of the bill. But that is not the case. The time is taken up in political discussion, usually criticisms of the administration by the Republicans and defense by the Democrats, while the bill moosers strike at both of the old parties without fear or favor. Naturally politics is uppermost in the minds of congressmen these days as the time approaches when the voters are to choose members of the next house.

Making Haste Slowly.

The senate is in a hurry; it is anxious to adjourn. So this is the way it goes about it. The honorable body one morning spent half an hour reading and commenting on newspaper clippings about the business conditions of the country as shown by Democratic papers on one side and Republican papers on the other. Then three-quarters of an hour was spent on the question of mileage for senators and members. Three-quarters of an hour was then devoted to the appointment of conferees on an appropriation bill. After that about half an hour was consumed in calling the roll to make sure there was a quorum present, after which the senate got down to business on the trust bills.

Hitchcock's Independence.

Senator Hitchcock of Nebraska has been one man who thinks his own thoughts and does as he pleases, even if it is not in accord with the administration. "I would rather retire from the senate than wear any man's collar," the Nebraskan told a few friends, commenting on his opposition to various things the administration wanted. Hitchcock says he can have as much pleasure editing his paper out in Omaha as staying in the senate should his course not be approved by his party.

Montana Booming.

Senator Walsh returned from a trip to Montana and gave glowing accounts of the prospects in that state. "The agricultural outlook is the best ever," he said. "Farmers feel sure of harvesting an abundant crop. New settlers are coming in and taking up vacant lands everywhere. Wool is selling for 22 cents a pound, and cattle prices are booming higher and higher. All the mines are in operation, gold, silver, zinc and copper are being produced. The only dark spot is in Butte, where labor troubles have interrupted mining."

"Lost in Conference."

How often it happens that senators explain to their friends who are seeking legislation that it has been "lost in conference." Former Senator Hale would permit appropriation bills to be loaded down with nearly everything that senators wanted to put in, saying, "I'll take it into conference," which meant that he would lose it as soon as he got it there. Senator Townsend of Michigan indignantly protests against spending hours and days on amendments which are thrown out in conference. The Michigan senator served long enough in the house to know that the house will not always yield and that it is getting more and more independent in such matters.

Has His Troubles.

Senator Myers of Montana stands up for what he wants and sometimes is so honest and earnest that he gets into hot water. Several times during his brief career in the senate he has had to make personal explanations and to set himself straight on account of comment or criticism. On account of his determination to do as he pleased he felt compelled to decline service on a conference committee. It is rare that any occasion ever arises which causes any such action in the senate.

Farms in the United States cover 878,798,325 acres.

Children Cry for Fletcher's CASTORIA

"The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of Dr. J. C. Fletcher, and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and 'Just-as-good' are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment."

What is CASTORIA
Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrup. It is pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic, all Teething Troubles and Diarrhoea. It regulates the Stomach and Bowels, assimilates the Food, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

Governor's Message.

One can not read the special message of Governor James M. Cox, the full text of which appeared in yesterday's Advocate, without being impressed with the splendid showing made by Licking county.

The governor has called the Legislature in session for the purpose of reducing the tax levy and this action is only possible by reason of the good work of the district assessors. The figures quoted in the message reflect credit upon Licking county and incidentally upon District Assessor Wm. H. Anderson and his assistants. Licking county's tax duplicate shows an increase of \$2,200,000 over last year, exclusive of public utilities and when the public utilities—the railway, telegraph, telephone, electric light and gas companies—are added, the total valuation of Licking county property will reach \$89,000,000 at least. The figures show an increase on real estate in this county of \$1,710,000 but this is misleading in that \$840,000 of this amount listed under real estate is in reality an increase on the gas and oil values of Licking county. The balance, \$870,000 practically represents the value of new structures so that of the total increase, real estate bears very little of the increased valuation. In other words, the increase comes from intangible or hidden property and not upon the farms and residence property.

An interesting feature of Governor Cox's message is the quotation from his message that Gov. Foraker advocated the appointment of tax assessors—a feature of the Warnes law to which the Republicans are now objecting—and that the public sentiment in favor of such a plan gradually grew until the state tax commission, appointed by Governor McKinley, made that one of its chief recommendations.

Reviewing the provisions of the Warnes law, the governor says, "A reduction in the state tax rate is rendered possible this year because we have an intelligent and efficient listing system. The work is practically complete and the state should now address itself to the task of giving the people the relief it makes possible. Nothing but a grave emergency would justify a rate as high as that imposed in 1914."

Gov. Cox proposes that the levy be reduced from .9610 to 4500 mills, which would save the taxpayers in the new taxpaying year, beginning next December, nearly four millions of dollars. It would make the state levy the lowest in the history of the state. In 1903 it was 2.84 or about six times the proposed levy of this year. It will still be below the rate at the beginning of this administration in spite of the fact that it has assumed the burden of \$3,000,000 a year for the building of good roads.

The changes, it any are found necessary in the Smith one per cent tax rate limit law, the governor thinks would best be left for the next regular session of the legislature.

The governor's message is a clear, concise and interesting document. It points the way to lower taxation.

Feed The Birds.

Attention was called last spring to the desirability of exterminating the dangerous and pestiferous house fly, and the results are now apparent in more comfort and less repulsive infection than ever before known in Newark.

But the scene has changed, and the appeal is now for a campaign, not of destruction but of propagation. In the first instance, the object of activity was one that brought more distress into our lives; in the latter, it is one that will make us happier, and existence more enjoyable—the wild bird.

There is only one way in which our non-migrating birds can be kept over the winter, in numbers that will not grow less each year—and that is to feed them. Opportunities for them to get a subsistence grow less each succeeding winter, and experts figure that some of our most beautiful birds will soon become extinct if they are not protected by sufficient food to keep them through this time.

Now is the time to conserve the food element for the birds, without much effort and with a hope of reward.

It is simply to save the melon seeds which usually go into the garbage. The Audubon Educational Board is offering four prizes this year to Ohio boys and girls who will save the seeds of water melons, musk melons, sugar melons, cucumbers and squashes, and agree to feed them to the birds next winter.

Any Ohio girl or boy from the seventh grade down may compete. They must report through their teachers. The report must be that of the combined weight of all seeds. The seeds must be clean (free of pulp) and dry; and the report must be in by October 1st, 1914.

Prizes are as follows: For greatest weight, \$2.00 cash; for 2nd greatest weight, \$1.50 cash; for 3rd

By the Way

The president of the Chinese republic has established an educational fund of twelve million dollars to provide 1200 scholarships for Chinese students at home and abroad.

Contracts have been awarded for a \$3,000,000 union station at Dallas, Texas.

Argentina, Brazil and Chile are negotiating a defensive and offensive alliance, limiting army and navy and providing for compulsory arbitration.

In 33 states 1,203,770 automobiles have been licensed so far this year, as compared with 1,065,000 for all 1913.

Every man has his distinction, and it is interesting to note that of being known as Walter Johnson's father-in-law is to be borne by a Nevada congressman.

Life is not always compensatory. The unmitigated bore seldom is troubled by stage fright.

Much of the charm of the sacred home circle probably is due to the fact that it is the only place where one may discuss any subject he chooses and say what he thinks about it.

A boy should have both a father and a mother. No woman can understand why a boy wants a shotgun.

Another way to become a dyspeptic is to imagine you are one.

Let a man suffer a little pain and he will go around saying he feels as though someone were sticking a knife into his vitals.

When a woman is secretly proud of her son she says to him: "You ought to be ashamed of your accomplishments ought to be ashamed of yourself."

Young doctors know more, but the older doctors seem to be a little more successful in cases of sickness.

Give a woman \$12 a week and she will spend \$14. Give her \$25 a week and she will spend \$35.

July 21 In American History.
1779—General Washington established his headquarters at West Point, on the Hudson, and began the construction of fortifications.
1808—Bishop Henry C. Potter of the diocese of New York died; born 1833.
1911—Confederate and Federal veterans united in celebrating the fiftieth anniversary of the battle of Bull Run at Manassas, Va.

ASTRONOMICAL EVENTS.
Evening stars: Venus Mars Morning stars: Saturn, Jupiter, Mercury Due east of the point overhead and 45 degrees below it the cross formed by constellation Cygnus appears exactly horizontal about 9 p m

greatest weight, \$1.00 cash; for 4th greatest weight, Blue Bird one year.

This is a contest that the Newark school children can enter with laudable motives. The melon seeds they save will preserve the lives of many birds, and a zest is added that any one of them may win a small prize and honorable mention.

While Hon. David Tod and Hon. Frank Willis are running about and telling the dear people of Ohio how they are to be emancipated from the frightful Democratic "machine" some man with a memory is likely to ask them what they were doing when a Republican "organization" was looting the state treasury. If either is in the audience will he kindly explain?

What has become of the howl raised by those political reformers who were angry because Secretary of State Charles H. Graves announced that he would enforce with the same degree of impartiality the laws passed by a Republican General Assembly as he would those enacted by a Democratic one?

Five out of every ten children observed outside of school hours in the average city are loafing—doing nothing at all because, as they say, "There is nothing to do," according to Arthur C. Moses, of the Washington Playground Association.

Now it is proposed in Congress to stop sending campaign funds from one state to another. They can't have reflected on the hardship of making the politicians go to work.

If the crops are small, prices are raised because of the shortage; and if the crops are abundant, prices are raised because it takes so many men to harvest them.

The National Education Association demands equal treatment for women teachers, in spite of the fact that they can't coach the ball team.

Battle song of the Mexican Federals. "Run, for the ground's your own, my braves!"

Uncle Walt

OUT OF DEBT.

At breakfast time, at eve, at noon, I eat a cabbage and a prune, as oft I've done before; I smile and chortle as I dine. For what I eat is strictly mine, and paid for at the store. No man can say to me "You loon, you ought to pay me for that prune, before you eat the same;" no man has mortgage, claim or lien, upon the cabbage rich and green with which I pad my frame.

A cup of water from the rill tastes better than a pint or gill of grape-juice bought on tick, and when I've chewed my vitals down, I'm the sereneest guy in town, with conscience smooth and sleek. Oh, better far for any man, a can of soup, a pat of bran, a nickel's worth of tripe, than the viands rich and rare, which cause a gent to tear his hair when monthly bills are ripe. Twere better far to gnaw a bone that you may truly call your own, than eat a cherry pie, and have the merchant look askance, and tell you that your name is Pance, when you drop in to buy. The worst old scheme invented yet is that of going into debt; it keeps the people broke; within my means I always keep, and while the others wail and weep I sit in peace and smoke.

Uncle Walt

OUT OF DEBT.

At breakfast time, at eve, at noon, I eat a cabbage and a prune, as oft I've done before; I smile and chortle as I dine. For what I eat is strictly mine, and paid for at the store. No man can say to me "You loon, you ought to pay me for that prune, before you eat the same;" no man has mortgage, claim or lien, upon the cabbage rich and green with which I pad my frame.

A cup of water from the rill tastes better than a pint or gill of grape-juice bought on tick, and when I've chewed my vitals down, I'm the sereneest guy in town, with conscience smooth and sleek. Oh, better far for any man, a can of soup, a pat of bran, a nickel's worth of tripe, than the viands rich and rare, which cause a gent to tear his hair when monthly bills are ripe. Twere better far to gnaw a bone that you may truly call your own, than eat a cherry pie, and have the merchant look askance, and tell you that your name is Pance, when you drop in to buy. The worst old scheme invented yet is that of going into debt; it keeps the people broke; within my means I always keep, and while the others wail and weep I sit in peace and smoke.

Children's Sayings

TO YOU, READER.

Owing to the number of humorous, quaint or original sayings of children sent to this office by readers of the Advocate, publication of contributions may not be published for several days. The Advocate will be glad to have its readers send to the Children's Sayings Editor an outline of the amusing or interesting things that their children or their friends' children say. All communications must be signed by the writer, though signatures will not be printed if such a request is made. If the reader prefers, either Bell or Automatic phone may be used.

Frances Elizabeth Weiss

Daughter of Mr. and Mrs. Earl Weiss, 337 Woods avenue, Newark.

It was sometime ago, during a warm period, when this incident happened. The principal character was a wee little Licking county girl who was enjoying herself going in her bare feet. One day there was company in the house, and child like, little Flora came tottering in to look them over. Her mother espied a great streak on one of the little girl's feet, and remarked to her that she had better not appear before company with such dirty feet, whereupon the tot replied: "Why, dat isn't dirt. It's coal soot I dot on last summer an' it ain't tum off."

Both Getting Old.

The old gentleman wife was getting into a carriage, and he neglected to assist her.

"You are not so gallant, John, as when you were a boy," she exclaimed, in gentle rebuke.

"No," was his ready response, and you are not so buoyant as when you were a gal!"—Sacred Heart Review.

Has Her Own Way.

Mrs. Eze—"How does your cook take it when you go into the kitchen and tell her how to do things?"

Mrs. Wye—"Oh, she doesn't mind."—Boston Transcript.

Woman's Strength.

Dr. Layman Abbott, the anti-suffragist, said at an antisuffrage tea in New York:

"They call woman the weaker sex. Yet I have known more than one woman to bend a man's will during his life and break it after his death."—Washington Star.

A New Way.

Sponger (meeting acquaintance)—"Do you know, old man, I really believe I'm losing my nerve? I'm getting so I hate to ask any one for a loan. As soon as I saw you I began to tremble."—Boston Times.

A Regular Witch.

"I just got a letter from Jack with 15 mistakes in it!"

"Evidently you hold him' spell-bound."—Judge.

BILLS READY FOR SIGNATURE OF GOVERNOR

(ASSOCIATED PRESS TELEGRAM)
Columbus, July 21. Democratic members of the eightieth general assembly which met in special session yesterday morning and at 9 o'clock last night had concluded the program mapped out by Governor Cox and adjourned, since they had adjourned in the capital over night called on the governor early today. The legislators congratulated the governor and the governor congratulated the legislators.

"I am well satisfied with the work done," said the governor. "Ohio now has a tax rate of which it should be proud."

With his desk clear of the work that has demanded his attention for several days as a result of the calling of the special session Governor Cox left for an automobile trip to Peoples, Adams county, today, where he was to speak at a Chautauqua.

The three measures that constituted the program of Governor Cox for the special session and which were outlined in his message taken up and finally disposed of all in one day and which now need only the chief executive's signature to make them laws are:

The Green bill, reducing the state good roads levy from 5 mills to 3 mills; the state common school levy from .335 to .0255 mills; the Chapman bill relieving counties, cities and other political sub-divisions from paying further premiums into the state compensation fund and the Lloyd bill, reserving to the state oil and minerals underlying state and ministerial lands.

Before leaving the capital today the governor said he would now use his influence to induce local taxing authorities to follow the example of the state and reduce local tax rates.

Society

Mrs. Cochran will be the entertaining hostess to the members of the Division club on Wednesday afternoon. All will take the one o'clock interurban car.

TURNER-TUCKER.
Announcement is made of the marriage of Miss Mae Tucker and Mr. Ranard Turner, which was solemnized at the Fourth Avenue Church of Christ in Columbus on Saturday evening. The bride was dressed in white silk crepe and the ceremony was read by Rev. Mr. Love.

The bride formerly resided in this city, while the groom's home is in Columbus where he is engaged in business. Mr. and Mrs. Turner are at home at 19 Clittenden avenue, Columbus.

DURIG—MUEHLEMAN.
Miss Hazel Muhleman of Newark and Mr. Ross A. Durig of New Martinsville, W. Va., were married in Wellsburg, W. Va., July 15. Mrs. Durig is the daughter of Mr. and Mrs. Forest Muhleman of Cedar street. Mr. Durig is an employee of the A. H. Heisey company. They will make their home in Newark.

Miss Helen Stapleton will entertain at her home in Webb street this evening with a card party. This is the first of a series of entertainments to be given by the choir of the Church of the Blessed Sacrament. There are 13 members and each one will give a card party, the proceeds to go for the benefit of the church.

Personal

Rex Sperry of Utica was a visitor in Newark on Sunday.

N. W. Steinfurst of Cleveland is spending a few days in Newark.

John Cronin of North Pine street is visiting at the home of John Heffley, R. D. 1, Rushville, O.

Daniel A. Murphy, who is in camp this week at Roxbury, O., writes that the fishing is good.

Miss Mildred Rhodes and Miss

MME. ISE-BELL

Keep the Hands Soft and White

MME. ISE-BELL'S Lilac Hand Whitener, applied after washing, makes the hands soft and white and prevents chapping. Only a few drops, rubbed gently over the surface, are required. The hands deserve as much attention as the face, for, if not given proper care, they become rough, red and creased, indicating age prematurely. Price, 25c.

Other Superfine Toilet Aids

Mme. Ise-Bell's Turkish Bath Oil, 50c and \$1.00.
Mme. Ise-Bell's Exquisite Face Powder, 50c.
Mme. Ise-Bell's Natural Blush Rouge, 50c.
Mme. Ise-Bell's Rose Blush Stick Rouge, 50c.
Mme. Ise-Bell's Skin Food and Wrinkle Paste, 50c and \$1.00.
Mme. Ise-Bell's Flesh Worm Bradorator, \$1.00.
Mme. Ise-Bell's D.C. Depilatory Powder, \$1.00.

Sold by Good Stores Everywhere

Made by Mme. Ise-Bell
322 No. Michigan Ave., Chicago, Ill.

PERHAPS YOU'LL SMILE.

LOVERS' ROOST

Dear sister—
I am on my vacation at the seashore and I have known a man here for three weeks. He spent a time on me last night for the first time. Do you think he would make a good husband?—
OUR ANSWER: ANY FELLOW WHO HAS A DIME LEFT ON HIS 54th WEEK IS RIGHT GRABBIT.

DO YOU KNOW HIM?

FASHIONS

Bathing suits will be worn to parade along the beach. The more daring the costume the less daring, apparently, will be the wearer. Reports from summer resorts show yellow shades in money are fast disappearing.

BEAUTY HINTS FOR MEN

The cutest little vanity case can be made from a tin tobacco box and no narrow minded person will ever suspect what it is. Remove egg stains from your mustache before brobosing.

Alice Riggs has returned from a visit with friends in Cincinnati.

Mrs. Frank Egan of Johnstown is the guest of Mrs. John Prior of South Second street.

Dr. and Mrs. H. G. Withers have gone to Buckeye Lake for a week's outing.

Mrs. H. E. Hayman of Somerset is the guest of Mrs. T. A. Bazler of North street.

Miss Katherine Sturgeon has returned from a week at Buckeye Lake. Messrs. Dan Gancy and Bernard Wells were in Alexandria Monday looking after business interests.

Mrs. Cooper and daughter Miss Nellie of Zanesville are the guests of Mrs. Frank Christian.

Ned Warner, who is with the Westinghouse company at Dallas, Texas, and is now home on his vacation, will leave for Dallas Friday morning.

Misses Mary Fullin and Sue Fullin of the J. J. Carroll store are spending their vacation with friends in Cleveland and other lake cities.

Mrs. M. C. Burge and two daughters after spending two weeks with P. E. Burge of Hudson avenue, have returned to their home in Akron, O.

Mr. and Mrs. Joseph Robe and daughter Mildred of Woods avenue, have returned home from a visit in Alma, Mich.

Mr. and Mrs. C. W. Kent of German street will leave on Friday for an extended visit with Mrs. Frowerch and other relatives in Kansas City, Kas.

Rev. Dr. James B. Craney, dean of mathematics at Dubuque college, is spending a few days in Newark visiting Edwin Stedem.

Mr. and Mrs. Ralph Rossel and little child of Akron are visiting at the Rossel home here, being called to Newark by the serious illness of Mr. Rossel.

Mr. Russell Evans and Miss Roxie Cochran were guests of Mr. and Mrs. R. C. Turner of Columbus over Sunday. Mrs. Turner was formerly Miss Mae Tucker of this city.

Mr. and Mrs. Ross MacKenzie of Dayton are visiting at the home of Dr. R. G. Downs of East Main street and Mr. and Mrs. H. W. MacKenzie of North Fourth street.

Mrs. Mary Cooperider and grandson, Charles Cooperider, of Thornville, are visiting at the home of Mr. and Mrs. John Wiest at Little Sandusky—Upper Sandusky, Chief.

Mr. S. King of South Fourth street has as his guests his daughter-in-law, Mrs. A. King, and grandchild, Dorothy Pauline King, of Columbus, former residents of this city.

Misses Hazel and Helen Hall have returned to Normal school at Athens, O., after being called home to attend the funeral of their grandmother, Mrs. Emily Hall.

W. C. Lacey of Yellow Springs, O., a former resident of this city, visited his sisters here yesterday, and also transacted business with Superintendent Wilson Hawkins of the public schools.

Mr. and Mrs. Elmer Tish of the Hebron road, and Mr. and Mrs. Ernest Gamble of Newark, made an auto trip to Coshocton county Sunday, where they were the guests of the former's parents, Mr. and Mrs. Calvin Tish of near West Carlisle.

BLACKFEET TRIBE ADOPTS SPOPEE; TO RECEIVE 320 ACRES

(ASSOCIATED PRESS TELEGRAM)
Washington, July 21.—SPOPEE, the Indian who was pardoned by President Wilson on July 7, after spending thirty-four years in the government hospital for the insane here for murder, has been adopted by the Blackfeet tribe. Word to that effect was received today by Indian Commissioner Sells. SPOPEE is a Piegan Indian, but before 1879 had been closely identified with the Blackfeet. The Indian office asked that he be formally adopted by the Blackfeet in order that he might fully share in the rights and privileges of the members of the tribe. The tribal council at a meeting at Browning, Mont., took action and he now will receive 320 acres of land.

PROF. JORDAN HAS ACCEPTED SUPERINTENDENCY

Editor Advocate: I have accepted my election as County Superintendent. The unfortunate circumstance of the salary will be rectified in due time. However, I shall work just as hard under the circumstances for the general good of our schools. May I have the support of every friend of Education.

Yours very truly,
ELMER W. JORDAN.
Pataskalo, O., July 21, 1914.

Obituary

Mrs. Mary Cooperider.
Mrs. Mary Cooperider, aged 77, died Monday night at 11 o'clock at the home of her daughter, Mrs. A. L. Turner, four miles south of Newark. Short services will be held at the home Wednesday evening at 7 o'clock. The body will be taken to Somerset for burial, Thursday morning.

Funeral of Mrs. Parsons.
The funeral of Mrs. E. O. Parsons was held on Tuesday morning at 10 o'clock at the home in Buckingham street, Rev. L. C. Sparks, pastor of the First M. E. church officiating. The body was then taken to Barnesville where services will be held at 10 o'clock Wednesday morning and interment will be made in that city.

Card of Thanks.
Mr. and Mrs. D. M. Hall desire to thank the neighbors and friends for the spirit of kindness and helpfulness so generously manifested during the long illness and death of their mother, and especially those friends in the vicinity of Eden chapel. 21-1t

Card of Thanks.
We desire to express our deep appreciation of the many kindnesses shown and the sympathy expressed toward us by our neighbors and friends during the illness and passing of our beloved mother and grandmother and for the many beautiful floral offerings expressive of the high esteem in which she was held. S. L. REDMAN.
MISS MARGARET REDMAN,
MISS HELEN REDMAN.
7-21-d-1*

Card of Thanks.
Being unable to thank our neighbors and friends individually for the kindness and sympathy shown in our bereavement through the death of our father, Jonathan S. Hauk, we take this means of expressing our great appreciation. We have certainly realized "a friend in need is a friend indeed." The children. 21-1*

HAND TERRIBLY BURNED AT THE BOTTLING PLANT

George Lascoe, an employee of the American Bottle company, was seriously injured at noon on Tuesday while engaged at his work. In some way his hand caught in one of the large bottle machines, and before it could be extracted the member was terribly burned. Dr. H. H. Postle was called and the man was hurried to the Newark Sanitarium.

What is believed to be the oldest print-blocks in the world, dating back at least 800 years, recently were discovered in an old building back of a Buddhist monastery in Korea.

Albert Gleichen has returned from a week's trip to Grand Rapids and Chicago.

Read the Want Columns tonight.

NAVAL HERO WILL VISIT NEWARK HOME

Harry Beasley, who has been in the United States Navy, and who was awarded a medal for heroic service at Vera Cruz, Mexico, during the recent engagement will arrive in Newark on Thursday to visit at his home in this city.

His brother, Arthur Beasley, and sister, Miss Margaret Beasley, will go to Columbus to meet him. The time of his service in the navy has expired and he will spend some time at his home here. He has cruised around the world, and for a time was stationed at Constantinople. During the trouble with Mexico he was on the battleship Florida, and received honorable mention and was awarded a medal for bravery. Also he was promoted to the position of gun captain. It was not known whether he will enlist for another period or not.

Quaint Old Welsh Custom.

One of the quaintest of all Welsh customs is the unsheathing of the sword of Taliesin that takes place every year on the shores of Llyn Gellionydd, near Treflwr, north Wales. A short distance from the lake is a large, flat topped bowlder, supposed to have been Taliesin's pulpit. On this rock the old bard (who is said to have flourished about 540 A. D.) performed his weird religious rites, and ever since the rock has been known as the "Court of Taliesin." Once a year, in August, a group of bards assemble at the "court"—the chief bard standing on the rock and the others on a circle of white stones surrounding it. Here the rites are performed solemnly and quaintly—in the presence of a large crowd. The naked sword is returned to its sheath when the chief bard has ascertained from the people that there is peace in the land. The sword remained unsheathed during the three years of the Boer war. The ancient ceremony is followed by witty and humorous bardic addresses, recitations and songs.

Reis and the Telephone.

While Bell invented the telephone and Edison, Berliner, Marconi and many others have improved it, the true inventor and discoverer of the principles of telephony was a German scientist to whom too little credit has been given—Philip Reis. In 1861 Reis exhibited a partially articulate electric telegraph at Frankfurt and showed that variations in an electric current caused by a vibrating membrane could reproduce the necessary vibrations. Reis transmitted musical sounds and even words. Elifha Gray, whose application for a patent on the telephone was filed in Washington only a few hours after Professor Bell's application, improved Reis' telephone, but it is said that neither Reis nor Gray reaped any financial reward from their inventions.—New York World.

Slaves in Abyssinia.

In the Gemira country of Abyssinia the inhabitants are pagans. They appear to believe in a divinity inhabiting the sky and also in secondary genii dwelling on earth. Slavery is not officially recognized, but exists in fact though with some extenuation in form. The slave is not free to change his master. He is put in chains if suspected of an intention of escaping. He is beaten if he does not work or march at the will of his master, and he receives no pay. On the other hand, if he can be "presented" he cannot be openly sold and must be designated gabare ("subject"), not baria ("slave"). Even these differences disappear in distant provinces and in times of disorder. Those who will not submit live as fugitives in the forests.

Discusses Intricate Questions.

Few citizens have even heard of the American Mathematical society, to say nothing of the fact that its dealings in the science of figures have been of value to European savants. And yet the society has been in existence for many years, has a membership of 710, including sixty-six life members, publishes essays and textbooks on mathematics and has a library of 4,802 volumes. The society discusses with ease such complex problems as the restricted problem of three bodies, the fourth dimension, the Frobenius determinant, covariant curves of the plane, rational quintic and cyclic systems of osculating circles of curves on a surface. The last subject does not refer to kissing. —Washington Star.

Hatching Eggs in Rice.

Certain of the Chinese in the interior districts adjacent to Amoy employ a somewhat unusual method for hatching both hens and ducks' eggs. The breeder first takes a quantity of unhatched rice and roasts it, cooling it down by fanning or allowing the wind to blow through until it is lukewarm. He then spreads a three inch layer of the rice in a wooden tub and places about 100 eggs thereon; another layer of rice, this second and subsequent layers being but two inches in thickness, is spread over the eggs. Each tub has six layers of rice and five layers of eggs, so that there are 300 eggs in each tub. The rice is heated once every twenty-four hours, the eggs being taken out at such times. The chicks and ducklings are produced in twenty to thirty days. —London Globe.

VODOR PORCH SHADES—Cheapest and Best

CHURCH RALLY HELD AND NOTE IS DESTROYED

The rally in the Tenth Street U. B. church Sunday was the greatest day in the history of the new church. The day was an ideal one, and all nature seemed to lend a hand.

Bishop Matthews was present and preached two powerful sermons. At the morning service he took for his text, Gal. iv. 7, and spoke upon "Sons and Heirs of God Through Christ." At the evening service he spoke from a portion of scripture taken from Psalms: "Glorious things are spoken of thee, O City of God." The sermons were very interesting and instructive.

The Sabbath school had 172 members present, being the greatest number in the history of the school. The regular offering was over \$15. The regular church offering was also large.

The tabernacle was filled at each service, and the note was burned at

the evening service, with impressive ceremonies.

The young church will send its pastor and delegates to Conference this fall with all obligations paid including a debt of over \$900 on the church property. It will also have a comfortable sum in the different treasuries.

An orchestra of eleven pieces assisted the church and Sunday school choir and young peoples societies services. This was one of the special features of the day. Rev. A. B. Cox and his congregation from the East Main Street church were present at the morning service. Many were present from the stronger churches of the city, and all wished the little congregation well in its effort to further religious principles in our city. The services closed with an ardent prayer by Rev. S. R. Shaw, pastor, in which he prayed fervently for the success of all Newark churches.

The Sabbath school begins a special campaign for members next Sunday, covering the month of August, and expect to end up the conference year August 30 with another big rally, with Prof. M. A. Honline of Dayton present.

Coming Events

- Newark Chautauqua, July 21-22.
- Black Hand reunion, Thursday, August 20.
- Jewett Car Workers Beneficial Association excursion to Cedar Point, Saturday, July 25.
- Company G camp starts Aug. 17.
- Masonic picnic, Cat Run, Thursday, August 20.
- Newark Board of Trade picnic, place and date to be announced soon by committee.
- State-wide primaries will be held August 11.
- Second Presbyterian Sunday school picnic at Moundbuilders Park, Thursday, July 23.
- Newark Golf club plays match with Cambridge in that city Thursday, July 23.

It Will Pay Any LANDLORD TO IMPROVE HIS PROPERTY WITH ELECTRIC LIGHTS

The Wiring of your house is an investment, not an expense. The wired house is most quickly rented. It attracts the more desirable class of tenants, who remain longer and who give proper care—and electric light being clean, saves in decorating expense.

HAVE THE WIRING DONE NOW.

There is no better time to have your house equipped for electric service than right now while you can have it done at a

GREAT REDUCTION IN PRICE ON EASY PAYMENTS.

There is no reason why any tenant should be denied the comforts and conveniences afforded by electric light. Phone for one of our representatives to call.

Wall Street.	
[ASSOCIATED PRESS TELEGRAM]	
New York, July 21.—Trading in stocks today was again largely influenced by foreign conditions. London's quotations for Americans were appreciably lower and dealings here soon recorded a two point loss in Baltimore. Ohio soon descended to new low records as did also Erie common and preferred. St. Paul, New York Central and Canadian Pacific were slightly lower with gains in the Harriman, High Valley and Steel. Sale of 100 shares of Erie preferred at 40, ten-point decline was among the unusual features. The list inclined to better before the end of the first half hour.

MARKER WILL LET NUMBER OF CONTRACTS

[ASSOCIATED PRESS TELEGRAM]
Columbus, July 21.—The State Highway Commissioner Marker today sent to contractors invitations to bid on road contracts aggregating \$2,500,000, the largest letting in a single day ever offered by the state, to be made August 4. The entire mileage amounts to 128 miles and most roads are to be built of brick.

The largest single contract to be let is the National road in Guernsey county, 14 miles, to cost \$327,489. A total of 89 roads in 53 counties are to be built.

The counties represented in the list having more than one job offered, with the number, include Logan, 3; Licking, 2; Medina, 3; Clermont, 5; Hancock, 3; Richland, 2; Muskingum, 2, and others. The counties having but one road to be constructed, include Lorain, Williams Clark, Auglaize, Butler, Sandusky, Wood, Knox, Portage, Holmes Preble and others.

Special importance is attached to the completion of this year, not only because it is the first in France since the separation of church and state but because it is the 25th anniversary of the foundation of this worldwide movement, the first conference having taken place in Lille, in 1889.

The Pope will be represented by Cardinal Granito di Belmonte Genaro who will preside over the sessions of the congress. Every day there will be held meetings of the various sections, the most important of which are the French, British, American

Can We Make You Money? We Don't Know But We Are Going To Find Out

We are now working on a test case and we will inform you under oath the exact outcome of this test, though possibly we may fail.

One of our regular customers came to us recently to select paper for a house they rent and decided to paper the entire house with just ordinary paper put on in ordinary style at an average cost per room of \$1.70.

On questioning the customer, we were informed that the house was renting for \$12 per month when tenant left.

Knowing that nothing adds to the attractiveness of a house like artistic wall paper, we suggested to customer that more thought and care be given to the selection of paper with a view to getting a pleasing artistic result. Customer immediately argued, what's the use, it will just add to expense without increasing income. We in turn made the suggestion that we honestly thought that by the aid of wall paper the rent could be raised and the tenant more than willing to pay the increase, as nothing makes a home more attractive than wall paper. We suggested to customer that new selection be made, which was done, and the average price per room on new selection was \$2.97, an increase of \$1.27 per

room; six rooms total \$7.62 increase. We then suggested raising rent from \$12 to \$17 per month, which gives an additional profit of \$5 per month or \$60 per year. We then called attention to the fact that better grade of paper would last five years at least, which on a conservative basis makes net increase \$300 gained by the timely expenditure of \$7.62.

We may have suggested too much increase, but we honestly believe the paper will add that much to the attractiveness of the house. Now we are watching the result with intense interest, and even though we can only increase rent half as much as we hope, we will be satisfied with the result, and if we are successful we feel that hundreds of landlords will give more thought to the selections of wall paper, not especially for the love of their tenants, but because it will pay larger dividends from satisfied renters.

We will publish the results under oath as soon as the house is rented, which should be soon after work is completed, at least some time this month. If especially interested and you are afraid published result might be overlooked, just phone us your name and we will advise you by mail as to the result.

CHURCH OF CHRIST A SECRET ORDER

Mystery Which God Has Kept
Secret From World's
Beginning.

TEACHING OF THE ANCIENTS

Free and Accepted in Christ—Candidates For Membership in the Order. The Initiatory Degree—The Second Degree—The Third Degree—Higher Degrees—Highest Degree Limited in Number—"Riding the Goat"—Grips and Passwords—Founder of the Order—The Great Master Mason Slain—Waiting For His Return.

(PASTOR RUSSELL)

July 19. — The Photo Drama of Creation not only opens the Sacred Scriptures to those who see it, but additionally sheds a light upon the esoteric teachings of the ancients. Thus it is highly educative in all its phases and an incentive to deep research along many lines. With very few exceptions those who have seen it declare that it has revealed to their astonished eyes the lengths, breadths, heights and depths of the Love of God, which passes human understanding, and thus has brought them a great blessing.

The discourse of Pastor Russell today was unique in every sense of the word. He took for his text St. Paul's words, "Whereby, when ye read, ye may understand my knowledge in the Mystery of Christ."—Ephesians 3:4. The Scriptures clearly teach that during this Gospel Age our God is preparing a great Temple-class, began the Pastor. After this class shall have been glorified, the Divine Power will operate through this Temple. God will be in the Church—the Temple—and all nations will begin to draw near to their Creator. All classes—Jews, Gentiles, bond and free—will come to the Father through this Temple; for the glory of God will be in it.

The Priests in this new Temple of the future will be Jesus, the great High Priest, and the Church, the under-priests. This High Priest will also be King—"a Priest Upon His Throne" after the Order of Melchizedek. The

FEARFUL HUMOR COVERED FACE— RESINOL CURED

Peterson, N. J., Dec. 9, 1913: "About a year ago my face began to crack and get scaly in blotches. It soon got worse and my face was all spotted and rough, and it itched me very much at night, and caused me no end of discomfort. After a month or so, pimples and blackheads began to show, first in small numbers, and then gradually covering my entire face. It was awful. The pimples were sore and the rash was itchy and my face had a most unsightly appearance. I could get no relief. Resinol Soap and Resinol Ointment caused me instant relief. By the time another jar of Resinol Ointment and cake of Resinol Soap were gone, I can truthfully say that it was a complete cure. My face had assumed its former color and look, due to Resinol Soap and Resinol Ointment. They are, I think, the best for any skin trouble." (Signed) Robert Troyano, 269 E. 21st Street. Sold by all druggists.

under-priests are still in training for their office. The Royal Priesthood will consist of those alone who shall be declared worthy to sit with our Lord in His Throne. As it is written, "Blessed and holy is he that hath part in the First Resurrection; on such the Second Death hath no power, but they shall be priests of God and of Christ, and shall reign with him a thousand years."

The Pastor then discussed the question, How may one become a member of this Order of Melchizedek—these Knights Templars on the Heavenly plane? The Church of Christ, he declared, is the most wonderful Secret Order ever known. The Mystery of God is not yet finished, the Revelator tells us; this Mystery which God has kept secret from the foundation of the world will not be finished until the sounding of the Seventh Trumpet. This Mystery, the Scriptures teach, is the Church. These members of the mystical Body of Christ are in the world, but the world knows them not, even as it knew Him not.

The Degrees of the Order. It was then shown that the great condition for membership in this Order is the absolute denial of self—the giving up to the Lord of all that the candidate possesses, himself included. This condition is the most stringent ever known. The first degree in this Order is the recognition of Jesus Christ as our Savior and faith in His redeeming blood. Some merely take this initiatory step, and never go on to perfection. Those in the first degree know practically very little about the Order; for, as the Apostle declares, "the natural man [the world] receiveth not the things of the Spirit of God; for they are foolishness unto him; neither can he know them, because they are spiritually discerned." Since the secrets of this Order must be spiritually discerned, whoever would know them must progress beyond the first degree.

The second degree, the Pastor explained, is consecration, which is immediately followed by spirit-begetting. Those who have progressed thus far have become New Creatures in Christ. To these, "old things have passed away and all things have become new." Therefore these should grow in grace and in the knowledge of our Lord Jesus Christ; and as they do so they are privileged to advance to higher degrees. In due time they may become Knights Templars. This degree is very honorable, those who have attained it have become leaders in the Church of Christ, especial functionaries in any matter pertaining to the interests of the Temple. These know most about the things of the Temple.

As these members of the Order progress from one degree to another, they learn more and more about the Mystery of Christ. Those who have taken many degrees, therefore, know much more than do those who have taken but few degrees. The Apostle urges us in the spiritual Temple to grow in grace, in knowledge, in character-likeness to our Lord, the Grand Commander of the Order, the High Priest of our Profession, the One who died for us—who not only redeemed us and gave us the opportunity of becoming members of this high fraternity, but who also set us an example how we ought to walk. Those who attain the highest degree shall be His associates and joint-heirs in His Messianic Kingdom. This highest degree, however, is limited in number to 144,000 members, the Scriptures point out.

The Standard of the Cross. The Pastor then showed that the members of the Free and Accepted Order of the Lord Jesus Christ's Commandery have for their standard, not the Cross on the head of the sword, but the Cross of Christ, with which they must be marked day by day. One of the very highest of this Order was St. Paul, who boasted in one of his Epistles that he bore in his body the marks

of the Lord Jesus. These marks were not such as the world could appreciate, but were marks such as our Savior had, and such as all have who attain the highest degrees bestowed by this Order.

The Apostle elsewhere explains that as Jesus bore the marks of having been smitten, beaten, condemned and crucified, witnessing to His faithfulness to God and righteousness, so he was himself marked. Every order has its own marks, but only the Captain of our salvation knows the marks borne by the soldiers of the Cross. Whoever receives these marks in His service will be rewarded abundantly—more than he could ask or even think. These light afflictions, which are but for a moment, will work for these faithful soldiers a far more exceeding and eternal weight of glory—beyond the veil, in the glorious Temple now in process of construction.

This Temple, the speaker declared, will be the greatest in existence. All other temples, all other societies, are but shadows, pictures, figures. No matter whence a candidate came, no matter who he was before he entered the Lodge of our Lord Jesus Christ, after he has joined this Order he has a right to the revelation to all belonging to the Order. There is only one way by which any one may become a member. There is also only one way by which one once may be put out, and that is according to the arrangements made by the Lord, for there is a secret writing even of the names in this Order. These names are written in Heaven. No human being knows who are the members.

Free and Accepted in Christ Jesus.

The members of this Order, it was shown, are free from the domination of sin, free from the fear of death, free from that condition of alienation from God in which they were by nature, when they were "children of wrath even as others." They are not free to commit sin, however; in fact, they have no such inclination. Their very desire to come into relationship with God indicates that they do not love sin. The shackles of sin have fallen from them. "If the Son make you free, then are ye free indeed." (John 8:36.) Every one thus made free by the Lord Jesus Christ, through the merit of the Redeemer's sacrifice, and presenting his body a living sacrifice and being accepted of God, is received into this Fraternity, this Royal Priesthood.

Happy are all such; for the Spirit of glory and of God rests upon them. The more attentive each of these is to

In Thousands of Homes

early and certain relief is found for the ailments to which all are subject—ailments due to defective or irregular action of the stomach, liver, kidneys or bowels—in the most famous family remedy, the world has ever known.

BEECHAM'S PILLS

are justly famous because they have proved to be so reliable as correctives or preventives of the sufferings, dull feelings and danger due to indigestion or biliousness. If you will try them to cleanse your system, purify your blood, tone your stomach, stimulate your liver and regulate your bowels, you will know why so many rely on Beecham's Pills to

the rules of the Order, the more faithful each one is in laying down his life in the service of the brethren, the more progress will he make and the higher will be his station. He will rise from one degree to another until he shall have attained the highest rank, and shall have favor in the fullest sense with the Grand Master of the Order.

In the typical language of the Scriptures, the human nature of all New Creatures in Christ is pictured in the goat. The Bible tells these New Creatures that the "goat" which each one "rides" more or less daily is his own flesh. In the typical Day of Atonement two goats were brought to the door of the Tabernacle and there tied. These goats typified all who offer themselves in consecration to God. After the lots were cast, the high priest sacrificed the Lord's goat, thus typifying God's acceptance of the class represented. Thenceforth the goat represented merely the old nature, the flesh; and the New Creature was represented in the members of the high priest's body. "Ye are dead, and your life is hid with Christ in God," says the Apostle.

The Pastor also showed that God has so arranged that members of His great Secret Order may tell all they desire about it and the hearers cannot understand, unless they are also of the Order. God alone knows who are members of His Secret Society; for He alone knows whether at heart each is loyal and true. Others may wear the uniform, learn grips and passwords; but the Lord knows those who are His. In other words, there are many who have more or less outward appearance of being Christians, but who are not really such at heart.

Another point discussed was that all who become members of the Royal Priesthood—"living stones," from the Divine standpoint, to be chiseled and prepared for a place in the Royal Temple—must enter by a narrow, difficult way. This Jesus set forth, saying, "If any man will come after Me [become a living stone in the Temple, be a member of this high Order], let him deny himself, take up his cross and follow Me."

The Founder of the Order.

The origin of this Order, commonly known as the Church of Christ, was next shown. The Great Master Craftsman, the Lord Jesus Christ, laid the foundation and arranged all pertaining to it. He alone founded this great Secret Society. Members of the organization may indeed recognize assistants in the work, but there is only the one Grand Master, who has superintended the whole. He Himself has said, "One is your Master, even Christ, and all ye are brethren."

The Pastor then set forth the facts relative to our Lord's life on earth nearly nineteen hundred years ago. The world did not recognize the Great Master. Jesus alone, the Founder of the Order which is His Church, had the secret plans for the great Temple which God desired to have constructed. When He was crucified, more or less of the Mystery was crucified with the Temple was lost. The Scriptures also intimate that certain features of that Mystery were not to be completed until His return. So the members of this Society have been waiting for the return of their Master, who gave His life in connection with the secret of the construction of the Temple, the Church.

Jesus preached in public, the Pastor declared, and while thousands heard Him, very few understood. So now, when the members of His Church tell the Glad Tidings of great joy, very few understand, for only those who are called to join this Order which Jesus founded have the power to comprehend—the hearing ear. To His disciples the Master once said, "Blessed are your eyes, for they see; and your ears, for they hear." Only those who have come into this Divine Order have this spiritual insight and spiritual guidance; and only these may know the things that are freely given unto the initiated. These things are freely given to one class, but are not intended for any one else.

The speaker then showed the reason for this discrimination. During this Age God is not dealing with the world. After He has built His great Temple, then He will deal with the world. But mankind will never be priests, members of the Temple class. Nevertheless, they will have a great blessing—Restitution to human perfection, lost in Eden, redeemed on Calvary. He declared that it would never do for the world to know all about the secrets known only to the members of God's great Secret Order; otherwise mankind would interfere with the Plan of God. He illustrated his point by referring to the Scriptural statements that if the Jews had understood about Jesus, if they had understood His parables and dark sayings, they would not have crucified the Lord of glory. Then the Scriptures would not have been fulfilled; God's Plan would not have been carried out.

St. Peter called the attention of the Jews to this fact, saying, "Now, brethren, I wot that through ignorance ye did it, as did also your rulers. But those things which God before had showed by the mouth of all His Prophets, that Christ should suffer, he hath so fulfilled." St. Paul corroborates this statement, declaring, "None of the princes of this world knew; for if they had known it, they would not have crucified the Lord of Glory." The Pastor praised the Wisdom of God, which withheld from the world a secret the knowledge of which would have increased their responsibility without benefiting them in the least.

Temples of the Holy Spirit.

Next were quoted various passages of Scripture which show that whoever receives the Holy Spirit is a temple of the Holy Spirit. This class is not of the world; for the world by nature knows not God. The world is under condemnation—"children of wrath," according to Scripture. God has not yet begun to give humanity the blessing which He purposes to give them. He is now dispensing blessings only to the Church, to those who have been begotten of the Holy Spirit, who have been initiated into the mysteries of His Secret Order. These alone have come into the position where they can deal with them.

The Pastor explained that the Church class have not received the Holy Spirit in full. When the great antitypical Temple of God shall have been finished beyond the veil, then the Holy Spirit will be given in full; all these "living stones" which will constitute that Temple will be filled with the glory of God. But there is a sense in which each one has received the Holy Spirit who has given up his own will in order to do the will of God; and in that sense the body of each of these has become a temple. Wherever the Spirit of God dwells, there is a temple of God.

The discourse was concluded with an earnest exhortation to every one who is conscious of having received the Holy Spirit of God. All such should ever be on guard lest they grieve the Spirit—ignore it or live contrary to it. The Apostle says, "Grieve not the Holy Spirit of God, whereby ye are sealed unto the day of redemption." From the very time when one is begotten of the Spirit of God, that individual is marked with the seal of the Holy Spirit. The Apostle also says, "We have this treasure in earthen vessels, that the excellency of the power may be of God, and not of us." That is to say, the possession of the Holy Spirit of God constitutes one a temple.

The Apostle's thought, the speaker declared, is that all such should regard their bodies very sacredly. Since God has honored them by placing His Holy Spirit within them, they should see to it that this sanctifying power operates throughout their members—in their minds, their tongues, their hands and their feet. Whosoever such shall do or say should all be done to the glory of God.

BEWARE OF OINTMENTS FOR CATARRH THAT CONTAIN MERCURY as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescription from a reputable physician, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and not made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by Druggists. Price 75c per bottle.

Take Hall's Family Pills for constipation.

SALES FINE FOR ACHING KIDNEYS. We eat too much meat which clogs kidneys then back hurts and bladder bothers you.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleepless and all sorts of bladder disorders. You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with pure lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders. Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications. A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

Stops Neuralgia—Kills Pain. Sloan's Liniment gives instant relief from Neuralgia or Sciatica. It goes straight to the pain. Stops the Pain. It also goes to Rheumatism, Sore Throat, Chest Pains and Sprains. You don't need to rub it penetrates. Mr. J. B. Swinger, Louisville, Ky., writes: "I suffered with quite a severe Neuralgia. Headache for four months without any relief. I used Sloan's Liniment for two or three nights and I haven't suffered with my head since." Get a bottle today. Keep it in the house all the time for pains and all hurts. 25c., 50c. and \$1.00, at your druggist.

Bucklen's Arnica Salve for all Sores. NOTICE OF APPOINTMENT. Estate of Anna Martin, deceased. Carry C. Martin has been duly appointed and qualified as administrator of the estate of Anna Martin, late of Licking County, Ohio. Dated this 6th day of July, 1914.

SAGE TEA DANDY TO DARKEN HAIR

Look younger! Use the old-time Sage Tea and Sulphur and nobody will know.

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a 50-cent bottle of "Wyeth's Sage and Sulphur Hair Remedy" at any drug store. Millions of bottles of this old, famous Sage Tea Recipe are sold annually, says a well known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray, becoming faded, dry, scraggly and thin have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful—all dandruff goes, scalp itching and falling hair stops.

This is the age of youth. Gray haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur tonight and you'll be delighted with your dark, handsome hair and your youthful appearance with a few days. Agents, Hall's drug store.

No Police Court.

There was not an offender in police court this morning.

Attending Convention.
Messrs. E. A. Simms, Fred Morrison and Ray Patterson left today for Sandusky to attend a convention of electrical dealers being held there.

Doctor Moves Here.
Dr. and Mrs. William Shrontz, who have been located in Dayton, have moved to this city and Dr. Shrontz will be located in East Newark.

Called Home by Illness.
Richard Ellis, of Seattle, Washington, is in the city having been called home by the serious illness of his father Isaac Ellis who resides east of Newark.

Injures Finger.
Roy Bradley living in South Third street and employed at the Wherle company, caught one of the fingers of his right hand in the machinery on Monday and badly lacerated it.

While in bathing at Buckeye Lake on Sunday Miss Sylvia Howard of South Pine street injured her right foot. She was brought to Newark where Dr. P. H. Cosner attended the injury.

Colored Musicians.
The colored musicians of the State held a picnic at Buckeye Lake park on Monday evening and the Glass Pavilion was turned over to them for the evening. A large number attended the outing.

Breaks Arm at Elbow.
Joe Stickle of Buckeye Lake was injured in a fall on Monday evening. In falling he broke his arm at the elbow. He was brought to Newark where Dr. P. H. Cosner reduced the fracture.

Go to Denver.
Mr. and Mrs. Nelson Kibler, late of Erie, Pa., have been the guests of Mrs. Kibler's parents, Mr. and Mrs. Ruland of Ninth street. They left today, however for their new home in Denver, Colorado.

Federated Clubs.
There will be a called meeting of the Federation of Women's clubs in the chautauqua tent at the close of the Wednesday afternoon entertainment. All women interested in the Federation work are urged to attend.

The Pennsylvania railroad has submitted plans to the city for the construction of a modern aerial tower to take the place of the unsightly and antiquated one now situated at the corner of East Main and Norris streets, which obstructs the view and crowds the crossing.

Took in the Sights.
Walter "Gay" Wilson, Satanic Majesty of the Advocate composing room, was in Columbus yesterday spending a few nickles in riding the merry-go-round and dipping the dip with his best girl at Olentangy Park. He also took several lessons in dancing the tango and hesitation waltzes and will give a free exhibition at the public square Friday evening.

Mason-Redman Reunion.
The Mason-Redman family will hold its annual reunion on Thursday July 30, near the Montgomery school house in Madison township. This place is one half-mile north of Priest Lane stop on the Interurban car line. Friends and relatives are requested to bring their baskets and enjoy a day's outing. Speaking and vocal and instrumental music will be features of the afternoon.

Extended Auto Trip.
Mr. and Mrs. John J. Carroll, Capt. and Mrs. W. C. Miller and children, Martha Grace, Virginia, Fleck and Alice, Mrs. F. P. Kennedy and children, Francis and Angela, will leave Wednesday in touring cars for an extended trip. They expect to go from Newark to Cleveland, to Buffalo, Albany, a trip into the Berkshire Hills, down the Hudson river to New York City, and probably to Ashburg Park for a short stay. They do not know how long the trip will last as there is no limit.

End of the Week.
After seven days of sense, and nonsense mostly the former, the Chautauqua week ends tomorrow with Weeks—Edwin R. Weeks and Company. With comedy, music and monologues these delightful entertainers bring the splendid program to a pleasing end. This is the way some put it. A celebrated company canvassing for Cape Cod to Tall-fornia convulsing in a carefully concocted concert of costumed comedy and caricatures of conspicuous characters calculated to create cheerfulness in careworn communities.

ITCHING IRRITATION
Worst Form of Skin Trouble Quickly Relieved by Inexpensive Treatment.

When you suffer with any skin trouble even though the itching seems unbearable, do not think that it is necessary to use some disgusting, greasy ointment. Try HOKARA, a pure and simple cream, that is guaranteed to contain no grease or acids and which is so cleanly that it does not soil the linen.

Its power to instantly relieve any irritation of the skin and make it soft, white and beautiful is almost miraculous.

Not only do minor skin troubles like pimples, blackheads, acne, bar-ber's itch, etc., quickly disappear, but the worst ulcers or cases of salt rheum or eczema are cleansed and healed by this wonderful skin food.

In order that any one may try HOKARA at small expense, Evans Drug store is selling a liberal-sized jar at 25c and in addition guarantee to refund the money if the treatment does not do all that is claimed for it.

A Fighting Chance.
Miss Passes—Oh, Mr. Plunka, are you married or unmarried? Mr. Plunka, married, generally. But if you would call every day you might strike me some time when I wasn't—Judge.

Responsibility alone drives man to tell and brings out his best gift—Newell Dwight Hillis.

Vacation over? Let Sachs & Ross Clean that travel stained suit. Phone 5135 while you think about it. 21-1

British exports for April show a decline of \$15,141, 215.

Campbell and His Poem.

At a dinner where Thomas Campbell and Lord Nugent were present the conversation drifted from the use of Latin words in English to monosyllabic verse. Some one expressed a doubt whether two consecutive lines composed of words of one syllable could be found in our language. Lord Nugent at once quoted:

"By that dread name we wave the sword on high
And swear with her to live, with her to die."

Campbell said he did not believe in the lines and asked where they came from. Lord Nugent said, "From your own 'Pleasure of Hope.'" "How do you know that?" asked the poet. "I know it all by heart," replied Nugent.

"I'll bet you a guinea you can't repeat it," said Campbell. The bet was taken and Nugent started declaiming. The poet soon got tired and said: "I see you know the poem. Don't go any further." The other insisted upon repeating the whole poem or claiming double stakes, and Campbell paid the extra guinea in order to be spared the recital of the poem which had made him famous—which he had forgotten.

The World a Looking Glass.
Anatole France, in one of those delightful monologues of his which, when he receives his friends and all who care to visit him at the Villa Said, go by the name of "conversation," though nobody ever talks but M. France, told us one day about his mother.

"She used to sacrifice my father to me a little," he said. "I always came first. She taught me all day long, and her lessons have been my guide ever since. I remember one day she showed me some little faces over a doorway. 'You see they are laughing,' she said. 'A few days afterward, when we passed them again, she told me to look. 'They are not laughing today,' she said. 'They cannot know you've been naughty, you think, and yet you can see they're not pleased with you. It will always be like this. Whenever you do wrong everything will look reproachful. The leaves, the sun, the moon, will look unhappy when you have misbehaved. The world is a looking glass, my boy.'"—John N. Raphael in London Globe.

The Last Speaker of Cornish.
In the little village of St. Paul, near Penzance, there is a monument erected to the memory of Doll, or Dolly, Pentreath, who attained the age of 102 and was the last woman who spoke the Cornish tongue. This is the inscription: "Here lieth interred Dorothy Pentreath, who died in 1777, said to have been the last person who conversed in the ancient Cornish, the peculiar language of this country from the earliest times till it expired in the eighteenth century in this parish of St. Paul. This stone is erected by the Prince Louis Lucien Bonaparte, in union with the Rev. John Garnett, vicar of St. Paul, June, 1860. 'Honor thy father and thy mother that thy days may be long upon the land which the Lord thy God giveth thee' (Exodus xx, 12)."—London News.

Keep Your Temper.
Which of all the domestic virtues is most essential to a happy married life? The ability to keep one's temper, beyond all question.

There is nothing which lends more to misery, not only for its possessor, but also for those about him, than an ungovernable and unreasonable temper. No one is worse to live with than an ill tempered man, except perhaps an ill tempered woman.

Bad tempered people completely spoil the lives of those who associate with them. The feeling of strain is ever present. One never knows just when the storm will break, although apparently the weather, metaphorically, is "set fair." Life in these circumstances is a burden almost beyond bearing.

Ironical.
"Don't knock on the glass with your hand—you might hurt it. Use a sledgehammer." That's the ironic notice to be read on the window of a Bronx vermin exterminator's shop. Inside the window are three or four ferrets, trained to hunt rats. Before the shop owner put the sign on the window tapping on the glass to arouse the ferrets was one of the favorite sports of the neighborhood.—New York Tribune.

Not a Regular.
The tall blond has Mrs. Malaprop backed off the map when it comes to reckless handling of the queen's English.

"My cousin, Ignatz, has joined the navy," she confided to her friend. "Is he a regular sailor?" asked the short brunette.

"Not yet," replied the tall blond. "He is just a sub marine, I guess."—Youngstown Telegram.

What Might Have Been.
First Suburbanite—Do you enjoy going into Newcome's wonderful garden? Second Suburbanite—No; everything in it is so exasperatingly perfect that I can't have the fun of saying, "If you had followed my advice it would have been better."—Exchange.

Taking a Walk.
"I took a long walk yesterday," said Boreman as he collapsed into a seat at Busyman's desk.

"Take another, old man," suggested Busyman. "I'll do us both good."

Made His Mark.
"Well, young Dr. Slicer has made his mark already, hasn't he?"

"Yes; did it on his first case."

"Great Scott! What did he do?"

"Vaccinated him."

Talk not of a good life, but let thy good life talk.—Schiller.

The pulp mills of British Columbia are shipping pulp to Japan.

COMMITTEE TO HOLD MEETING NEXT SATURDAY

There will be an important meeting of the Democratic County Central Committee at the convention room of the courthouse on next Saturday afternoon, July 25, at 1 o'clock. It is urged that every member from each precinct in the county be present.

J. J. HILL,
Chairman.

The following are the names of those elected for members of the Democratic County Central Committee:

Bensington—C. E. Fy.
Bowling Green—Wm. Hupp.
Burlington—J. C. Hartsock.
Eden—James Hawke.
Etne—Wm. Albert.
Fallsburg—J. W. Booth.
Franklin—Harvey Orr.
Granville—E. H. Williams.
Granville, West—Carl D. Price.
Granville, East—Frank Granger.
Hanover—T. K. Kirby Smith.
Hanover Village—C. Ritchey.
Harrison—T. J. Williams.
Kirkersville Village—P. H. Roshon.
Hartford—Grover Mitchell.
Hartford Village—Calvin Payne.
Hopewell—Howard Chappellear.
Jersey—Seth Abery.
Liberty—Geo. Foster.
Licking—Geo. L. Swartz.
Lima, East—J. H. Besse.
Madison, East—J. S. Axline.
Madison, West—C. L. V. Holtz.
McKean—S. M. Brooks.
Monroe—Chas. Sanford.
Johnstown Village—J. Hill.
Newark, North—W. C. Barnett.
Newark, South—Jos. W. Dodson.
Newton—Edgar McKinney.
St. Louisville Village—L. L. Martlett.

First A—Barney Rellly.
First B—Wm. Shamp.
First C—John D. Williams.
First D—A. A. Rector.
Second A—Daniel Gormley.
Second B—Henry Staugh.
Second C—Wm. C. Kuster.
Second D—James P. Simmons.
Third A—John J. Bausch.
Third B—Victor Pleri.
Third C—Geo. V. Bickel.
Third D—J. A. Warner.
Fourth A—Henry Heckman.
Fourth B—C. M. Thompson.
Fourth C—Jas. McCarthy.
Fourth D—Frank Bridgeman.
Fifth A—Richard Dold.
Fifth B—E. L. Warner.
Fifth C—Geo. Kureth.
Fifth D—John W. Adams.
Sixth A—E. L. Mauraith.
Sixth B—Robert W. Howard.
Sixth C—John P. Sullivan.
Sixth D—Stanley Switzer.
JOHN W. ADAMS, Chairman.
E. C. MCGONAGLE, Secy.

**ACETANILID DOES
EFFECT THE HEART**

Coe Harmless Headache Powders Do Not Effect the Heart.

An entirely new discovery that does not effect the heart and does not leave that suppressed feeling after the headache leaves. If you are troubled with headache, neuralgia, nervousness, rheumatic pains, or aching limbs get a dime package at any drug store and see how quickly that ache or pain vanishes. Do not accept substitutes. See that each package has the signature of the Coe Remedy Co. on the back and be assured that you receive the best.

Keep a package in the house so that they will be there when you want them. 21-28-4-11

MRS. SARAH E. MEEK.
Frampton, Ohio, July 21. — Mrs. Sarah E. Meek, daughter of Wm. and Catherine Ashcraft, was born March 29, 1859. Died July 16, 1914, aged 55 years, 3 months and 17 days. She had been a member of the Mt. Pleasant Christian church for 40 years and had always been a faithful and consistent member. She leaves to mourn her departure, her husband, one daughter, Mrs. Joseph Wright of Mt. Pleasant; Charles of Wilkins Run, Harvey of Newark. Two sons "Austin and Clarence have preceded her to the great beyond. There also remains seven grandchildren and numerous relatives to mourn for her.

Good Bye Mother, 'tis sad our parting must be, But may we all meet in that great eternity.

(Political Advertisement.)
CANDIDATE FOR CONGRESS.
I have been elected state Senator and President Pro Tem of the Ohio Senate two terms and am author of the Green Workmen's Compensation Act. Was a delegate at large from Ohio to the Baltimore Convention which nominated President Wilson. Am a candidate for Congress in the Seventeenth Congressional district. I have made a careful investigation of my record as state Senator and will appreciate the support of the democratic voters throughout the district at the primary election August 11th.

WM. GREEN,
6-1-d-to 8-11 Coshocton, O.

Vinol As a Summer TONIC

During the hot months of summer many people are overcome by the heat, are debilitated and run down and need something to strengthen them.

Such a remedy is

VINOL

It enriches the blood, increases flesh and strengthens the stomach, thus enabling it to assimilate food and give to other organs of the body sufficient vigor to perform their functions and overcome disordered conditions.

From experience we have seen with Vinol we do heartily recommend it and guarantee every bottle to give satisfaction or refund the money. Price \$1.00 per bottle.

Saxo Salve is a guaranteed remedy for skin affections. Eczema, Itch, Salt Rheum, Tetter, Ringworm, Hives and Pimples. Tubes 50c.

BREATHE FREELY! OPEN NOSTRILS AND STUFFED HEAD—END CATARRH

Instant Relief When Nose and Head are Clogged from a Cold. Stops Nasty Catarrhal Discharges. Dull Headache Vanishes.

Try "Ely's Cream Balm."

Get a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning! the catarrh, cold-in-head or catarrhal sore throat will be gone.

End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves by the heat of

the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

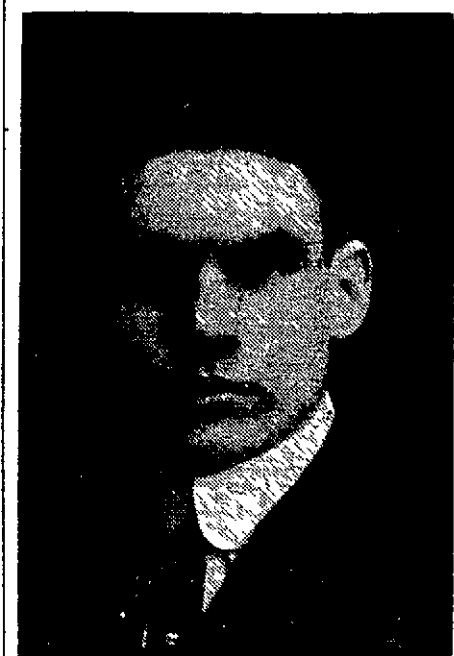

Don't lay awake to-night struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucous dropping into the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.

F. D. Hall, 10 North Side Square, Newark, Ohio.

last June. He was prominent in college athletics as well as in the classroom. He had contracted with the Chicago Y. M. C. A. to report for duty July 1, but Columbus secured his release and the young man will become Boys' Secretary of the Columbus Central association.

EMBARRASSING HAIRS CAN BE QUICKLY REMOVED

(Beauty Culture)
Hairs can be easily banished from the skin by this quick, painless method: Mix into a stiff paste some powdered delatone and water, spread on hairy surface and in 2 or 3 minutes rub off, wash the skin and it will be free from hair or blemish. Excepting in very stubborn growths, one application is sufficient. To avoid disappointment, buy the delatone in an original package.—Adv.

OHIO ELECTRIC

(Continued from Page 1.)
all that it had purchased two bond issues for the city's share of the cost of the work of paving and sewerage South Williams street, in the amount of \$4,581.61, and another issue of \$6,531.66, the cost of the improving various other streets. The money paid for these bonds, at par and accrued interest to date of delivery, will draw 6 per cent. interest, a better investment than to lie in some savings institution drawing 4 per cent.

An issue of \$12,000 for the purchase of motor trucks for the police and fire departments was rejected for want of funds, so these will be offered for sale to the highest bidder.

An ordinance by W. C. Seward was passed providing that the following shall hereafter be the business and closely built up sections of the city of Newark for the purpose of regulating the speed of motor vehicles in the municipality. Bounded on the north by the north side of Locust street, on the east by the North Fork of the Licking river, on the south by the railroad tracks, on the west by the west side of Sixth street.

Messrs. Baker, Knauer, voted against the measure because they said it did not include certain streets they thought it should.

The speed of vehicles is limited to eight miles per hour in the limits covered by the ordinance, while 15 miles per hour is the rate fixed by state in other parts of the corporation.

Dr. C. B. Keller, president pro tem, presided, owing to the absence of President Harry Rossel, and the full membership of council answered to their names, Ashbrook, Baker, Bonham, Knauer, Legge, Payne, Rexroth and Seward.

The minutes of the preceding meeting were read by Clerk J. S. Woodward and approved.

The finance committee recommended that the bill submitted by the secretary of the firemen's pension fund be paid. The bill is for \$23 due the Advocate Printing company for printing supplies, received and filed.

The Safety committee recommended that the ordinance reducing the salary of Public Safety director to \$300 per year, be laid on the table; received and filed. This virtually kills the ordinance.

Clerk J. S. Woodward certified the services of notices to property owners of pending improvements and reported that he had in his hands \$105 belonging to the cemetery endowment fund subject to council's order; received and filed.

A petition was read from property owners for the removal of a large cottonwood tree on the south side of Halliday street; referred to law committee.

Service Director W. C. Christian submitted a report as to the financial operations of the municipal water works plant for the six months ending June 30, 1914. The report follows:

Cash Received.	
Service Receipts Collections.	\$19,202.75

1914.	4,094.07
Same on June 30, 1914.	1,871.59
Service Department.	
Expenditures in this department for the six months ending June 30 amounted to.	21,035.98
Of which amount there was in the electric light.	4,458.86
And the payments on city building was.	5,796.12
Special improvements have been commenced by paving Linden avenue, sewer on Seventh street has been completed, and work is progressing on Tenth street sewer.	
Cemetery Department.	
Receipts for Six Months.	\$7,613.83
Expenditures.	4,257.08
Under authority of Section 4167 I have directed the city treasurer to invest \$14,500.00 of Cemetery Funds in six percent notes of the Board of Education of the City of Newark.	
Respectfully submitted,	
W. C. CHRISTIAN,	
Director of Public Service.	

By Mr. Rexroth—To require the Baltimore and Ohio railroad company to repair North street crossing by planing the entire width of said street and at least 18 inches west and east of the track and to pave the sidewalks on the north and south sides of said street; passed on suspension of rules.

By Mr. Rexroth—To proceed with the improvement of Charles street from Hudson avenue to the first alley east of Mt. Vernon road by the construction of a sanitary sewer; passed under suspension of the rules.

The ordinance fixing the salary of director of public safety was read for the second time.

The ordinance prohibiting the use of dazzling headlights on motor vehicles was read for the second time.

Resolutions.

By Mr. Ashbrook—That Service Director repair sidewalk on Pleek avenue between the bridge and Sumner streets at expense of city; referred to street committee.

Toward the close of the meeting the electric lights in the council chamber went out and President Pro Tem Keller announced that there was a little business which could be transacted in the dark. He announced that council should take some action upon the serious illness of President Rossel and this met with unanimous assent. It was decided to send a bouquet of flowers to the home of Mr. Rossel with the best wishes of council members for his speedy restoration to health.

A committee was appointed to attend to this, consisting of Members W. C. Seward, J. R. Ashbrook, and Council Clerk J. S. Woodward.

BUSINESS MEN'S HOUR TOMORROW AT CHAUTAUQUA

Among all the lectures, addresses and entertainments of the week at the big tent, none will prove more satisfactory or more productive of practical results than the address tomorrow afternoon by President J. S. Knox of the Cleveland School of Salesmanship and Business Efficiency. His theme is "Community Building" but his lessons are equally pertinent and valuable for the development of individual enterprises. His knowledge of business needs, of the demands of the public, of the value of courtesy, of the power of suggestion, makes his discussion a much needed body of instruction for employer and employee. In several cities where the speaker's fame has preceded him, many business men have closed their houses and sent their clerks and other employees to hear this practical business man tell how to make business methods more effective. The hour is 3 p. m.

At Outings With Webster.
Professor X., one of the old school, always objected to the pronunciation of "woond" as though it were spelled "woond." One day he stopped a student in the middle of a reading with, "How do you pronounce that word, sir?"

"Woond," replied the student. The professor gave him a sharp look and said, "I have never found any ground for giving it that sound, sir."—Boston Transcript.

BROTHER'S HOME WAS DESTROYED NEAR CAMBRIDGE

William Albright, brother of John Albright of Maple avenue, with the former's family, had a narrow escape from cremation when their home, two and one-half miles south-east of Cambridge was burned Sunday morning at 2:30 o'clock. The loss is estimated at \$2,500. The insurance on the building amounts to \$1,500. The fire is thought to be of incendiary origin as a bottle which had contained gasoline was found in the front yard after the fire.

On Tuesday night, July 7, an attempt was made to burn the Albright barn. However, the flames were dis-

covered in time to save the barn from destruction. Investigation revealed that the barn had been set on fire by dropping a lighted match through a window.

Only the piano and a few chairs were saved from the burning house. Mr. Albright provided temporary quarters for his family and, if he decides to build again he will build a modern brick bungalow.

Bucklen's Arnica Salve for Cuts, Burns, Sores
